## GC Steel eyes city's overpass 'windfall'

By GEORGEANN MCGEE  
of the Press-Record

Granite City Steel Division of National Steel Corp. has called for an audit of the 19th Street Overpass Fund account to study any claims the company might have on a possible \$395,000 'windfall' excess.

Attorney Leo Konzen, representing Granite City Steel, asked for the audit as soon as possible to determine the source of any excess. If those excess funds do exist, as the city comptroller believes, Konzen wants to find out who among overpass bondholders — the city and Granite City Steel — has a right to those funds.

Granite City Steel bases any claims of its own on a written agreement giving \$1.7 million in bonds for overpass construction costs to the city. Allowing for interest to be paid, the contribution could total more than \$2.5 million.

The city, however, is rapidly reaching a point where it will no longer have enough funds to meet its expenses, according to City Comptroller Joseph Miklovic.

In addition, some aldermen hope to

use a portion of the anticipated \$395,000 excess for new police cars, ambulances and other equipment. The current budget year contains no capital improvement funds.

"Can I go ahead and put this (\$395,000) in the general fund?" City Treasurer Nick Petrillo asked Konzen, who answered questions at Tuesday's council meeting.

"I'm not your legal advisor. (but), in my opinion, some of it is not available," Konzen said.

According to Konzen, the bond order clearly determines how the funds are to be used. He has doubts about using the money for city expenses.

Granite City Steel has not yet taken a position on the exact amount of the \$395,000 it would challenge, but pointed out \$19,000 in interest was earned at a period when any interest should be turned back to meet bond and interest payments.

He said another approximately \$50,000 in unused principal may or may not have resulted from the steel company's contribution.

Konzen said the company is making its request now, since the city has indicated the "windfall" funds may be taken from certificates of deposit and put into the city general fund account on March 31.

The city comptroller earlier said the funds were needed immediately to meet workmen's compensation fund February and March payments. That fund faces an additional \$147,000 deficit.

Mayor Paul Schuler said the Granite City Steel letter raised some questions as to the city's right to spend that money at the end of this month. "I need that money," responded Miklovic.

"If you do so (spend the money), I think you're taking some risks," Konzen replied.

Mayor Schuler told Konzen that the city is in a financial crunch. He said he hopes Miklovic and Granite City Steel officials can meet to resolve any problems quickly. "Obviously the timing is pretty important to us," said Schuler.

Konzen said he will take the "city's" talk back to Granite City Steel officials.

The council approved a motion to have an audit made of the 19th Street

Overpass Fund only if the city is unable to settle the fund dispute through talks

between the city comptroller and Granite City Steel.

## 33 GC teachers are 'Honorably dismissed'

By BILL WINTER  
of the Press-Record

Thirty-three Granite City teachers were honorably dismissed Tuesday night in an effort to adjust to budget deficits and enrollment losses.

Terminated, effective after the 1981-82 term ends in June, were 15 high school teachers, five junior high school faculty members and 13 elementary teachers. The net impact on the 1982-83 budget is expected to exceed a half-million dollars.

Some of the teachers are likely to be rehired before the fall term as retirements and resignations create staff vacancies.

The number of vacancies may rise as a result of a new school policy adopted Tuesday night, officials and teachers

said. It broadens exploratory leaves and extends them for the next two school years.

Exploratory leaves permit a teacher to have a year off to experiment with a different type of occupation, and this now can include the educational field, such as college teaching or overseas assignments.

Of the teachers dismissed, their length of service in the school district varies from one year to 12 years. Basically, those with the least seniority are losing their jobs, but the selection process was complicated, administrators said. Factors included the need for a teacher's particular specialty or alternate specialty.

No citizens asked to testify at a 7 p.m. public hearing on the staff dismissals.

During the hearing, Supt. B. J. Davis estimated the number of dismissals at 20 to 60, depending on a review by the board at an executive session later Tuesday evening.

Shirley Stoll, president of Granite City Local 743, American Federation of Teachers, was granted time for a presentation but limited herself to brief remarks, urging that the dismissal total be kept as small as possible and that board members "weigh our decision carefully."

She said after the board's 11:30 p.m. adjournment, when 33 teachers had been placed on the dismissal list, that Local 743 planned no formal response at this time.

All employee groups except cooks have salary and working condition

agreements that extend beyond the current school year. Notice was received Tuesday night from Service Employees International Union Local 98 that the cafeteria employees wish to open talks this spring for the 1982-83 year.

Supt. Davis at the faculty hearing said, "It is again my unhappy duty to come before this Board of Education with the recommendation that it take action on honorable dismissal of members of our teaching staff."

"My recommendations, as last year, are based on the enrollment decline in this district and how that affects the financial condition of the school district."

"By state law, it is necessary for the board to give notice to teachers whom it

does not plan to retain the following year, 60 days prior to the end of the school year. That is the purpose of this meeting."

"We may need to call back some of these individuals as future staff resignations and retirements take place—or next fall as our enrollments materialize—and the need to replace teachers in certain select positions becomes evident."

"It is the estimation of the administration that, based on present enrollment projections, we will need 20 to 60 fewer teachers for the 1982-83 school year than we presently employ. (A year ago, 28 teachers were honorably dismissed.)"

"This year, as last year, we have been highly selective in our recommendations for dismissals."

"This is because most non-tenured teachers currently employed are in specialty areas in which we do not have staff available to fill these positions."

"The decline is greater at the secondary level, where enrollments by department become the criteria rather than enrollments by grade levels."

"It is our hope that the total number of dismissals, by next fall, will not be greater than those we will recommend tonight (33)."

"However, I would point out to the board that we are still projecting declines in our enrollment. We foresee an enrollment of 9,500 pupils at the start of the 1982-83 term."

## Big-volume drug use here

(Second of two articles)  
By BILL WINTER  
of the Press-Record

"We're not doing enough about it. The problem isn't just going to go away," Quad-Cityans are being told. The topic: big-volume illicit drug activity.

(Stepped-up efforts by law enforcement authorities, schools, organizations and others have been outlined in an article Monday.)

Although a typical resident might not notice it, trained observers say

that adults, teenagers and younger children are engaging in frequent drug abuse in the local community and throughout the nation—to an extent that is far beyond the ability of police and prosecutors to fully stamp it out.

A \$60 billion illegal drug "industry" is being mentioned in public talks by Jim Nichols, executive director of MESS (Metropolitan Enforcement Group of Southwestern Illinois). The group is active in the Quad-Cities along with police, the

Illinois Division of Criminal Investigation and the federal Drug Enforcement Administration.

Drug abuse is not only taking a heavy physical toll—damaging the health and well-being of local young people and adults alike—but is a factor in many thefts, burglaries and robberies, officials say; drug habits are expensive and require a steady flow of cash.

"The nation's schools have become 'drug supermarkets,'" in (Continued on Page 6)

## Revoke Hileman's probation

The probation of former Granite City assistant fire chief Charles Hileman, 54, of 2330 Lynch Ave., was revoked Monday by Associate Judge Edward C. Ferguson, who contended that Hileman violated the terms of his probation in selling approximately \$9,000 to \$11,000 worth of sterling silver place settings and gold to a Clayton, Mo., exchange.

Hileman had been put on 30 months of probation May 15, 1981, and ordered to spend 15 months of weekends in jail after pleading guilty to two counts of felony theft and one count each of burglary and contributing to the delinquency of a minor.

He was charged with encouraging high school students to steal an air conditioning unit and other items from a building trades home the students were building as part of their school work.

Terms of his probation included an order that he refrain from dealing in coins and precious metals in the operation of his laundromat in the Plaza Shopping Center, across from Kirkpatrick Homes.

Subsequently, police served a search warrant on Hileman's home Jan. 15 and alleged finding approximately \$1 million worth of items they contended were stolen in area burglaries.

Following a burglary in East Alton Dec. 23, 1981, officers there followed footprints in the snow and arrested two young men, who implicated Hileman as their "fence," a term meaning someone who buys and sells stolen items.

Hileman has been held in the Madison County Jail at Edwardsville in lieu of \$100,000 bond since his arrest Jan. 15 in that case. A Madison County grand jury

is expected soon to consider charges against Hileman and the two young men who implicated him.

Authorities said the items found in Hileman's home included furs, television sets, diamonds, stereo equipment, motorcycles and other items. Some items were found behind false walls, sources said.

Monday's probation revocation hearing did not include testimony or evidence from the raid on Hileman's home. Testimony was offered by Barry Faintich and Tom Kolbrener, partners in Midwest Money Co. in Clayton, who alleged that they had purchased thousands of dollars worth of silver and gold from Hileman since May.

Judge Ferguson contended that Hileman had violated the terms of his probation by failing to keep records of the transactions of valuable metals.

John Rekowski, Hileman's attorney, contended that the transactions were Hileman's "hobby," since he has been well known as a coin and precious metal collector for many years.

Assistant State's Attorney Susan Jensen countered that with Hileman's background, any kind of transactions involving coins, jewelry and precious metals should be considered a violation of his probation.

In revoking Hileman's probation, Judge Ferguson set sentencing for April 1.

Hileman has been in the news several times since resigning his post as assistant fire chief Sept. 8, 1977, in the midst of a scandal related to the purchasing of collector's items stolen in burglaries in Tennessee. He pleaded guilty to three felony counts of theft in

December, 1977, in connection with obtaining possession of the items from Tennessee and was placed on three years of probation by Circuit Judge Joseph Barr and ordered to pay a \$1,000 fine and court costs.

April 17, 1980, Hileman made the news again when a 17-year-old woman alleged she was living in a mobile home supplied and furnished to her by Hileman and he had taken all of the home's furnishings to his business. A friend of hers allegedly went to his shop while Hileman was sleeping in the shop and threw a bottle through the front door.

Hileman caught a suspect a short time later and allegedly was holding him at gunpoint when police arrived. The young man was charged with committing criminal damage to property and Hileman was charged with being a felon in possession of a firearm. Police also alleged finding a "saw" club in Hileman's pocket at that time. He was released on \$500 cash bond on charges of contributing to the sexual delinquency of a minor and unlawful use of a weapon, in addition to possessing a firearm within five years of a felony conviction.

Hearings on that case were continued several times until Granite City police say they are unsure how it was resolved. Hileman's probation officer studied copies of documents related to that arrest, but the probation was not revoked.

Hileman continues to receive a pension from the Granite City Fire Department since his resignation. City attorneys have ruled that his crimes would have to have been job-related in order to affect his pension.

## EMTs donate ambulance

By GEORGEANN MCGEE  
of the Press-Record

Granite City Emergency Medical Technicians (EMTs) have ordered an ambulance, outfitted with advanced life-saving equipment, as a gift to the community, the city council was told Tuesday night.

"It is a wonderful gesture," said Alderman Sam Whitmer, chairman of the ambulance committee.

Mounting ambulance service expenses and lack of funds to purchase new vehicles has plagued the ambulance committee this year. "No doubt the city needs a new ambulance," Whitmer said.

One of the city's four ambulances was recently sidelined due to mechanical failure.

The \$27,500 "top-of-the-line" ambulance was purchased yesterday afternoon and should arrive in Granite City in about 10 days.

Granite City ambulances serve Madison and Venice and the neighboring townships of Chouteau and Namecki and Pontoon Beach.

Mark Eavenson, president of the Granite City Uniform EMT Relief and Welfare Fund, said the vehicle will be equipped with advanced life support equipment that could be used in a future paramedic program.

The city's plans for a paramedic program here were postponed when no salary increases were available to begin the new program and the EMTs refused to take on the extra insurance and liabilities of paramedics without

additional pay. Few efforts have been made since to negotiate a compromise plan to salvage the paramedic program.

Several EMTs already have received the extensive classroom and practical training necessary to qualify as paramedics and Eavenson said the EMTs are looking forward to participating in the paramedic program when the city can afford to reimburse them for their training and the extra liabilities involved in paramedic work.

The decision to buy the ambulance was made about two weeks ago when the group, composed of the city's 19 EMTs, tried to come up with a partial solution to the city's financial problem. (Continued on Page 5)

# Parents may qualify for child care credit

A divorced or separated parent who pays someone to care for his or her child may be eligible for a federal income tax credit, the Internal Revenue Service says. The Child and Dependent Care Credit provides a tax break for persons who pay someone to look after their child while they work.

These parents can claim 20 percent of the expense of child care for dependents under 15 years old. The credit is worth up to \$400 for one child and up to \$800 for two or more children on this year's tax return. Changes in the tax law may mean an

even bigger credit on the returns that will be filed next year.

It makes no difference to the IRS if the child is being cared for inside or outside the home, as long as the child care permits the parent to work or look for work.

Because divorced and separated parents have special circumstances, the IRS has guidelines to help them determine who should claim the credit. Generally, the parent who had custody for a longer time during the calendar year should claim the credit. But, the IRS also requires that the child must

have been under 15, or not able to care for himself or herself, in the custody of one or both parents for more than half of the year, and received more than half of his or her support from one or both parents.

Generally, a person who is married at the end of the tax year must file a return to claim the child care credit. A person who is legally separated under a decree of divorce or separate maintenance is considered unmarried and may claim the credit on a separate return, the IRS says.

However, an individual living apart from his or her spouse, but not legally separated, may claim the credit on a separate return only if their child lived with him or her for more than half the year and that parent paid more than half the cost of keeping up the home. The spouse must have lived outside that home for the last six months of the year.

Persons wanting to know more about child care credit may send away for free IRS

Publication 503, Child and Disabled Parent Care. The IRS says the easiest way to get the booklet is by using the handy order blank in the tax package.

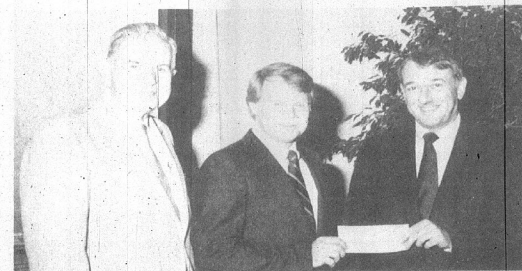

## Deviate assault leads to term of six years

Andrew L. "Tom" Jones, 25, of 1203 Market St., Venice, has been sentenced to six years in the state prison for deviate sexual assault occurring July 15, 1981, in the unincorporated area of Madison County.

Circuit Judge Philip Rarick dismissed a second count of July 15 deviate sexual assault.

The case was heard at the Third Circuit Court in Edwardsville.

Jones in February 1981 was placed on two-year probation for aggravated battery Dec. 2, 1980, in Madison.

## 25-year term for murder

A 25-year term in the Illinois state penitentiary has been ordered for Calvin "Cookie" Branch, 25, of 136 Garesche Homes, Madison, was sentenced by Circuit Judge Philip Rarick in the late winter for the offense of murder, occurring Sept. 17, 1981, in Madison.

The case was heard at the Third Circuit Court in Edwardsville.

Branch had been charged in August with using a shotgun to obtain more than \$600 in an armed robbery at the Kerr-McGee service station, Fifth Street and McCambridge Avenue, Madison, Aug. 14, 1981.

Branch pleaded guilty Jan. 11 to fatally shooting Arnold Turner, 22, Kirkwood, Mo., in the left side of the head with a .38-caliber pistol during a disturbance Sept. 17 in the game room of El Capaloro Lounge, 800 Jackson St., W. Madison.

Mr. Turner was found lying on his left side near a pinball machine and was without signs of life. He was pronounced dead upon being taken to a hospital. Branch was arrested at his home a short time later.

In accepting the guilty plea, Judge Rarick ordered a pre-sentence investigation into Branch's background, including the alleged robbery, which was unrelated to the shooting.

The robbery charge was dismissed by Rarick on the basis of the state's attorney.

### GC aldermen debate site for meetings

How public accessibility is defined was a divided issue among Granite City Council aldermen last week when a tie vote defeated an effort to move council meetings back to the third floor of the City Hall.

Last year, Granite City Council meetings were brought down from the third-floor City Hall room to the more accessible Granite City Township Building.

The move was taken after

a continuing effort by several wheelchair-bound residents who objected to being unable to attend city council sessions.

According to some aldermen, the move has caused problems to residents attending the sessions. "There are many people that aren't handicapped that can't hear," said Alderman Jake Varadian, making reference to the poor acoustics at the township

building.

Alderman Warren Decatur, who made the motion to move back to the City Hall, said he had received complaints from residents who could not hear the proceedings at the new location. "I think we have to think about the total (audience)," said Decatur.

Alderman Sharon Perjak disagreed, calling the proposal a disservice to the handicapped.

The motion ended in a 5-5 tie, meaning defeat for the move. Mayor Paul Schuler was not present to put a majority on either side of the issue.

The meeting, coincidentally, was held on the third floor of the City Hall because the township building was being used that night as an election center.

### Caseville man charged in GC

A police officer on patrol

reported seeing several persons standing at 25th Street and Nameoki Road at 4:10 p.m. Tuesday and alleged one man, George H. Petchulat, 20, of Caseville, first attempted to hide a cigarette, allegedly marijuana, and then dropped it on the ground. The officer noticed a bulge in Petchulat's clothing around the waist and upon searching the man, a clear plastic bag containing cannabis allegedly was found.

Petchulat was charged with unlawful possession of cannabis. He was released at 5:40 p.m. on payment of a \$102 cash bond.

### Rites held for Charles O'Neill

Funeral services were conducted at 2 p.m. Wednesday, March 24, at St. John United Methodist Church in Edwardsville, for Charles A. O'Neill, 71, of Edwardsville, former chairman of the Republican organization in Madison County.

He died at 1:14 p.m. Saturday, March 20, 1982, at St. John Mercy Hospital in St. Louis.

Mr. O'Neill also was chairman of District Nine Madison County Republican Committeemen, and was an investigator for the attorney general's office in Springfield, Ill.

Survivors include his widow, Mrs. Irene (Krejci) O'Neill; one son, Richard O'Neill of Edwardsville; a daughter, Dr. Peggy Jo O'Neill of Gainesville, Fla.; one brother, Jessie O'Neill, South Roxana; three sisters, Clara Hessel, Edwardsville, Mabel Southard and Mary Knipping, both of South Roxana, and two grandchildren.

Burial was in Wanda Cemetery, South Roxana.

### VANDALS CAUSE \$1,500 DAMAGE

Vandals broke into a dwelling at 2716 Madison Ave., and poured paint in the dining room and living room, then started a fire in the dining area floor, it was reported at 11:25 a.m. Tuesday by Mark Hill of Rural Route Two, Box 266. Considerable damage, estimated at more than \$1,500, resulted to the rooms and wall coverings.

Venice police had numerous "prank calls" Monday, ranging from a car going off McKinley Bridge to a bomb in the building. Apparently the same caller also called the Pontoon Beach and Collinsville police, telling them about the calls to Venice and contending that the Venice police did not believe him. A tape recording of a call is in the possession of the police for investigation.

## Christmas decoration fund drive in Venice

The Venice City Council Tuesday night approved a plan to obtain Christmas decoration for the city submitted by Mr. Gertrude Young.

At the Dec. 15th council meeting Mrs. Young asked why Madison had such nice Christmas lighting and "When your cross over that bridge it is darkness."

Told at that meeting the city just did not have adequate finances Mrs. Young put together a plan and presented it to the council Tuesday.

"When a citizens complains about something I think they should have a solution in mind and that's what I came here with Mrs. Jo Ann Williams to speak to you about."

"I have talked to many of the city official already and I am proposing that we start a memorial fund, drive to purchase Christmas decorations for Broadway Street."

"Any obligatory donation will of course be appreciated. However, anyone giving a donation of \$100 or more, in memory of a deceased relative, friend, past officer or citizen will have his or her name along with the specified named person, placed on a large memorial plaque to be hung in the Venice City Hall."

"My late husband has been dead 15 years and I will donate the first hundred dollars," Mrs. Young said.

The council acting in favor of the idea said that donations will be accepted at the city comptroller's office in city hall, where a receipt will be given and records kept.

Checks should be made out to the "Venice Christmas Decoration Fund" and will be deposited in a special account at the First National Bank in Madison.

The exact goal has not been determined as the cost of the decorations and the installation cost is currently under study.

It is thought that the cost for a lighted decoration for the 40 light poles on Broadway will run at least \$200 a pole.

Mayor Tyrone Echols said, "I wish to compliment Mrs. Young for her work in helping solve a problem."

"It is certainly refreshing to have a citizen not only be concerned, but to actually help solve a problem and not just complain."

"Mrs. Young and Mrs. Williams and the people working with her are to be congratulated on this and I for one will donate a \$100," Echols said.

It was felt that if the monies could be raised before the middle of April the cost of the decorations would be less.

Persons wishing more information may contact Mrs. Young at 452-1598.

## Bob Hardy will talk at 60-year DeMolay event

Bob Hardy, one of St. Louis' best known newsmen, will be the featured speaker at the 60th anniversary dinner of the James Stuart Chapter, Order of DeMolay, on Monday, April 5, at 6:30 p.m. at the Granite City Township Center, 21st Street and Delmar Ave.

In addition to his radio activities at KMOX, Hardy has served as president of the 8,400 Southern Illinois Shriners of Ainal Temple and is a 3rd degree Mason. The Granite City DeMolay Chapter is the oldest in Illinois, and was the first chapter organized east of the Mississippi River.

The DeMolay 60th anniversary banquet is open to all members of the public. Tickets are \$7 each, and are available at Andy Anderson's Service Station, Cohen's Food Store, Dempsey-Adams Auto Body, First National Bank in Madison, Gene's Auto Body, Granite City Glass on Nameoki Road, Hundley Auto Sales, O'Brien Tire, Schermer's Supermarket, Skott's Jewelry, Steele-Kunemann Agency and Walker's Jewelry.

Gilbert Watson, a past state DeMolay master counselor, is serving as chairman of the anniversary celebration. Bob Hardy co-anchors KMOX Radio's morning news program, Total Information, from 5:30 to 9 weekdays; hosts an afternoon segment of At Your Service, which features interviews with guest experts and questions from listeners by phone; frequently narrates news documentaries, and serves

as director of special events. Since joining KMOX in 1960, Hardy has written and produced more than a dozen major documentaries which included in-depth studies of teenage drug addiction, lead poisoning of children, voting apathy, military preparedness, and the modern Soviet society, the latter based on his trip to Russia in 1972.

He has covered all the Republican and Democratic national conventions since 1964, emphasizing in his reports activities of the Missouri and Illinois delegations.

In September 1978, Hardy inaugurated a special week-long broadcast live from Washington, D.C., and hosted such guests as First Lady Rosalynn Carter, FBI Director William Webster, and Cabinet officials James Schlesinger, Joseph Califano and Max Cleland.

The program has since become an annual broadcast event. "Equally at ease with presidents and political figures at all levels, Bob probes for answers and poses questions the listener would ask had he the chance," an admirer has said.

Active in the Shriners since 1963, Hardy was elected as the 68th potentate of Ainal Temple for 1976. Ainal is one of the 180 temples throughout North America and a leader in child assistance at Shriners Hospitals for Crippled Children.

In addition to his Shriners activities, he gives of his time and energy to other civic projects.

He began his commercial radio career in the St. Louis area and was news director of WIL Radio before joining KMOX.

### EMTs donate

(Continued from Page 1)

At about that same time, the Granite City Council was discussing the need to replace the city's aging emergency fleet of both police cars and ambulances.

"In the past, we have endeavored to conduct ourselves and our funds as an integral part of the fine community," said Eavenson at Tuesday's council meeting. "As not merely city employees, but also as fellow citizens of Granite City, we are acutely aware of the present financial crises in which the city finds itself."

Eavenson said that during this time of "nationwide recession we must pull together for the common good."

He said his group also is well aware of the "bad shape" of the current ambulances, which he said are in need of repair.

The 1981 Ford Horton model on order has "everything but the kitchen sink —

all the advanced equipment," said Eavenson.

He said a special committee composed of himself, Mike Richardson, EMT treasurer, and Art Asadorian worked hard on comparison shopping for the model type and purchase price. The EMT organization will bear the total cost and will not use current ambulances for a trade-in.

When the ambulance arrives, it will be stationed at the main firehouse at 23rd Street and Madison Avenue.

The council approved the gift at its Tuesday session with applause. The Granite City Uniform Emergency Medical Technicians' Relief and Welfare Fund is a non-profit benevolent and protective society formed about five years ago for the protection of the members and their families, for community involvement and to serve needy individuals and organizations.

## Indecent liberties alleged in charges

Granite City police executed a search warrant at the Marshall Brooks Cabinet Shop, 1235 Edwardsville Road, about 4:05 p.m. Friday, March 19, and took into custody the proprietor, Marshall E. Brooks, 59, of 2230 Lincoln Ave.

Accompanying the local officers was Assistant State's attorney Susan Jensen from the Madison County state's attorney's office in Edwardsville.

A felony informational document subsequently was issued Monday by the state's attorney's office, charging Brooks with two counts of taking indecent liberties with a child.

The alleged incidents took place at the cabinet shop on Edwardsville Road, on or about March 13 and March 15, and the charges stemmed from complaints involving two 11-year-old girls, law enforcement officers said. Granite City police became involved in the investigation after being notified about the incidents by the Madison Police Department. The latter department had received the

complaint from the principal of Louis Baer School in Madison.

Assisting in the investigation were a social worker from the Louis Baer School and a social worker from the Rape Crisis Intervention Center, located in Edwardsville.

Brooks appeared before Associate Judge P. J. O'Neill in Granite City court at 3:30 p.m. Monday and bond was set at \$100,000. Brooks was released from custody at 4:30 p.m. that day after posting a \$10,000 cash bond.

(Continued from Page 1)

the opinion of David Toma, the former undercover detective whose crime-fighting exploits served as the basis for the television series "Baretta."

The former Newark, N.J., policeman, who today travels the U.S. telling youngsters about the dangers of drug use, particularly marijuana, is warning parents in the April 1982 edition of "Family" magazine, a Reader's Digest publication. He says that if they have children in school, there is a good chance the youngsters are "experimenting with drugs or soon will be."

Nichols of MEGSI agreed at the March prayer breakfast in Granite City that the problem is of vast dimensions and that parents—along with teenagers—can play a helpful role in the anti-drug fight.

Nichols' suggestions to parents include paying more attention to the amount of money their children have, and observing how the young people spend their money.

He warns against over-generous allowances, and emphasizes that (in addition to allowances and earnings) petty thefts and burglaries are prime sources for the financing of drug purchases, with stolen goods "fenced" at a fraction of their value through some of the used product dealers in this metropolitan area.

Toma says in the magazine article that "the numbers are astronomical: 85 percent of all kids over 10 years old try drugs, primarily marijuana. By the time a kid is in the seventh grade, the odds are 50-50 that he has gone beyond experimentation."

"Most kids spend a good part of their day in the capital of drug society—the school. Any school. When you send your child off in the morning, you'd better know you're sending him off to a drug super-market."

"The indications of marijuana aren't as obvious as a drinker's

"whiskey breath," or the heroin shooter's "needle tracks," says Toma. "What you must look for are changes in your child's behavior."

He says that such changes usually take the form of children avoiding conversations; spending a lot of time in their rooms; or visiting friends for long periods. Parents who mistakenly view this as part of the "growing up" process and leave their children alone only "encourage the problem, Toma contends."

"Fortunately, some parents don't shrug this off. They enjoy their kids and want to spend time with them. They insist that the child participate in family activities. It's much tougher for a child in this kind of household to do drugs."

"Parents who discover their children are into drugs must do everything to straighten them out. Control your kid as soon as possible. If necessary, keep him out of school and take time off from work yourself."

"The message that you must drive home is clear and simple. It's this: 'We will do everything in our power to stop you from using drugs, no matter how painful it is for you or for us. You must stop.'

"Four basic rules for helping someone on drugs are:

"1. You've got to be straight yourself. You can't be playing the game that you're telling other people to quit."

"2. You've got to know what you are talking about. They'll never respect you if you talk about drugs without real understanding."

"3. You have to care and show them that you love them, and are genuinely concerned for their welfare."

"4. You must have the patience of a saint. 'Most important is that you must never, never give up,' Toma concludes."

"Granite City school officials have not given up the battle against drug

abuse but are uncertain what combination of actions will prove the most effective."

Early morning and lunchtime arrests are frequent as campus monitors and administrators detect use of marijuana or pills and apprehend the law violators.

Culprits are taken to the police building, where they are booked, fingerprinted and required to make court appearances. Their parents are informed of the arrests and usually are responsible for posting bonds to secure the students' release from custody.

Non-students also sometimes invade school grounds to participate in drug sales or use.

There are mixed feelings among school leaders and the public about the outdoor smoking areas that have been established at both GCHS South and North.

One advantage is believed to be that nearly all the smoking of both legal and illegal cigarettes has been transferred from school restrooms. As a result, students who do not smoke marijuana can visit the restrooms during the day without having to inhale clouds of marijuana smoke.

Estimates vary considerably on the percentage of boys and girls who become users of marijuana or other drugs, regularly or occasionally.

But hardly anyone thinks it is a small fraction of the total enrollment.

Peer pressure is considered to be a massive factor—it makes use of insecure, immature persons' overwhelming desire to conform to the general pattern of activity.

One of the goals of Operation Snowball, a teenage education and leadership program, is to reverse peer pressure so that drug use is curbed rather than expanded. A session of Operation Snowball is set for April 16, 17 and 18 at Makanda, Ill.

**Tornado seminar**

By VALERIE EVENEDEN

Representatives of organizations and individuals charged with the responsibility for public safety in Madison County will convene tonight in Granite City for a "Tornado Preparedness" seminar.

Cosponsoring the seminar are the National Weather Service of St. Charles, Mo., Madison County Emergency Services and Disaster Agency (ESDA) and the state of Illinois ESDA Region.

Madison County ESDA Coordinator Ed Harris said the seminar will start at 7:30 p.m. today at the Granite City Township Building, 2060 Deane Ave.

Invitations have been issued to all county police and fire departments, public works and medical center security personnel and police-fire auxiliary units, as well as CB radio clubs and similar organizations whose members are interested in forming tornado "spotters" groups.

Dennis McCarthy, lead forecaster for the National Weather Service WFO, St. Louis, will present a program of movies and slides related to spotting and identifying tornadoes.

An issue of intent for the bonds had been approved two years ago.

William Duncan, plant manager, said the bonds would cover the argon purification system of the plant's expansion efforts completed last year.

The unit produces 62 tons of argon daily.

Duncan briefly addressed the council Tuesday, explaining he had been in contact with state noise pollution advisors in an effort to abide by noise level standards.

The council suspended its rules and passed the ordinance on first reading 13-0.

**POE FINED IN THEFT, PLACED ON PROBATION**

**North gym repair slated**

The Granite City School Board has ordered securing of repair bids in April after completion of plans and specifications for a repair project at the GCHS North gymnasium. Architect Henry Gabriel was authorized to proceed Tuesday night.

Snow accumulated on the gym roof in February, weakening metal supports and causing the gym to be closed for several days. Basketball backboards moved several inches below the normal height when the support beams twisted.

The gym was closed again March 18 and is likely to

remain locked the rest of this semester as additional supports are inserted. Lockers and bleachers are in separate structures and continue to be used.

North physical education classes are meeting outdoors. On days when the weather is bad, the PE groups will meet in designated rooms other than the gymnasium.

R. W. Harmon Co. will continue to provide student transportation in the school district, the board decided. The schools' fuel costs are expected to decrease due to use of diesel buses.

As a member of the Illinois State Police for the past 20 years, you represent a monumental amount of police knowledge and experience. You have seen and have also participated in the many changes that have occurred in the Division of State Police.

SGT. R. J. DIAK

Many of these programs were successful, only because of your expertise, determination and devotion to your work. The professionalism you have displayed in performing your varied and often difficult tasks has been truly traditional of the Illinois State Police motto: 'Integrity, Service and Pride.' I commend you in attaining this memorable plateau in your career and I am extremely proud to have you serving in District 11."

Sgt. Diak joined the state police in February, 1963. Upon completion of his training at the Department of Law Enforcement Academy, he was assigned to District One. Since December, 1965, Sgt. Diak transferred to District 11 and was promoted to the rank of corporal in December, 1972. July, 1977, he was promoted to his present rank of sergeant and is presently

serving as "operations sergeant" in District 11. Sgt. Diak is a member of Fraternal Order of Police Lodge 41.

Sgt. Diak and his wife, Josephine, reside in Granite City. They have three children: Christie Ann, Rudolph Jr. and Esther.

## Georgeff resigns as Venice clerk

By MICK STRANGE of the Press-Record

Dale Georgeff, city clerk of Venice, announced at the Venice City Council meeting Tuesday night his resignation effective April 6.

"I want to thank Mayor (Tyron) Echols and the city council for their support and help during the past year and to the people of Venice who elected me.

"I have considered it an honor and a real pleasure working with the mayor, council and people of Venice.

"However, I am moving to Troy and therefore will be unable to continue," Georgeff said.

Mayor Echols responded, "I hate to see Dale move and regret it very much because he has been a fine man to work with.

Georgeff was elected April 7, 1981.

"I have not decided who I will recommend to the council (to replace Georgeff). There have been several persons approach me and others that are being considered. I will try to make a recommendation to the council by the next meeting," Echols said.

Georgeff is employed at McDonnell Douglas Corp. as a traffic analyst. He is a member of St. Mark Catholic Church as well as the parish council.

He has also been active with the Venice Crippled Children's Organization and the Venice Social Club.

The Venice council also accepted the resignation of Venice police officer Timmy Simmons who, according to his letter, has accepted employment with the Alton & Southern Railroad.

Simmons has been a police officer in Venice for seven years and three months.

The council accepted the police report for February, 1982, which indicated 28 arrests were made and \$1,093 collected in fines.

Three building permits were approved for Allen Gasper Jr., 633 Jefferson Ave., add two rooms and a bath, cost \$6,500; Charles Rancher, 1213 Market St., a garage, \$2,000; and Thomas Brend, 1034 Third St., a double garage, \$5,000.

The council approved the payment of \$3,000 to assist with the Belleville Area College Senior Aid Program.

The program has employed 16 Venice residents and paid more than \$39,000 in wages and fringe benefits to them.

Mayor Echols reported that, as per the council vote at the Tuesday, March 9 council meeting, he has sent letters to President Ronald Reagan, Samuel Pierce, secretary of the U.S. Department of Housing and Urban Development (HUD) in Washington, D.C. and the regional director of HUD in Chicago, with numerous copies to state and federal elected officials and Madison County Board members, calling for a full federal investigation of the handling and allocation of Madison County Community Development (MCCD) moneys from the Edwardsville office.

## YOU CAN BANK on It!

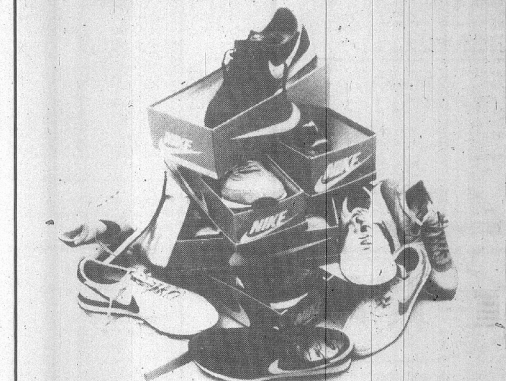

DREW KARANDJEFF President

Q. I understand some changes have been made in the inequities in how the nation's primary inflation indicator, the Consumer Price Index is figured. What are these, and how would I be affected?

A. Perhaps the most significant change in the computation of the Consumer Price Index is prices of new houses and mortgages will no longer be considered a consumer item, purchased every month. Rather, the Bureau of Labor Statistics will instead include a figure which will reflect what it would cost you to "rent" your own house - a rental equivalency. Another change will reflect what consumers are buying now, and not in 1972-73, as the CPI had previously reflected. For example, as the prices of some meats rose, consumers, switched to other meats or poultry. The CPI, however, did not. What this will mean to persons whose income is tied automatically to the CPI isn't clear as yet. However, it appears it will be more fair to millions whose incomes are not indexed.

## Eye donor pledge drive on Friday

Members of the three Quad-City area Lions Clubs, Pontoon Beach, Granite City and Madison will be stationed in local bank lobbies Friday conducting the Third Annual Quad-City Lions Eye Donor Pledge Drive.

They will be registering eye donors and providing information about the Lions eye donor program.

Members of the Granite City Lions Club will be stationed at First Granite City National Bank, 20th Street and Edison Avenue, between the hours of 9 a.m. and 1 p.m. and 4 until 7 p.m.

The Pontoon Beach Lions, assisted by the auxiliary, the Ladies Club of Pontoon Beach, will be stationed in the lobby of Colonial Bank of Granite City, Pontoon Beach, between 9 a.m. and 1 p.m. and 4 until 7 p.m.

The Lions have been involved in help to the blind and in support of the eye research since 1925 when

Helen Keller addressed their eighth international convention and challenged their world-wide organization to become "Knights of the blind in the crusade against darkness."

The delegates accepted the challenge and have been world leaders in the area of assisting the blind and eye research, along with their work for the deaf and hearing impaired.

"Eyes donated will be used for corneal transplants and research," said Donald Patrick, District 1-G lieutenant governor.

"There are always more requests for eyes from physicians than the eye banks can supply. No other gift," added Patrick, "could possibly bring more joy to the recipient."

"Those of us that can see should be thankful that we have sight and be willing to pass this precious gift on to others after death," he stated.

St. Elizabeth Medical Center serves as the area Eye Donor Center, where eyes are enucleated for the Lions Eye Bank, located at the McMillan Hospital in St. Louis.

## 'Elkdom' reigns 75 years

term during 1924-25.

The event was sponsored by the Past Exalted Rulers and was held at the Elks annual corned beef and cabbage dinner March 15.

H. Foster Sears, past grand exalted ruler, was honored at a ceremony the following day. Sears began his career in "Elkdom" through his initiation into the Macomb Lodge in 1946.

He was exalted ruler in 1951-52.

During that time, he became active in district and state committees. He was elected president of the Illinois Elks Association in 1960.

He is a member and past president of the state Advisory Committee. He served as treasurer of the Illinois Elks Association Crippled Children's Commission for five years.

The gala 75th anniversary dinner for all Elks members was held March 17 with special guest of honor Grand Exalted Ruler Raymond V. Arnold of the Grand Lodge, Order of the Elks. Arnold, cited the "strong link" in the Elks fraternal chain of

brotherhood "forged by each of you brothers in your dedication to Elkdom" at the local lodge.

"I know you will continue to exert this fine leadership, and with it the cause of Elkdom in your community will ever grow and prosper," Arnold stated.

He said the Elks are second only to the federal government in supplying scholarship funds to students and it was the Elks that awarded the largest scholarship ever given — \$20,000.

The local Elks began as an organization named the Granite City Club, before the group petitioned the Grand Exalted Ruler to grant a charter for a new lodge.

Gathered in the rooms of the Granite City Club, located in the Keshner building, these men agreed to meet in a rented hall on the third floor of the Fleishman-McNary building on April 20, 1907, and participate in a ceremony instituting the new lodge.

Dr. W. H. Grayson was installed as the first local exalted ruler. A bronze plaque in the Elks Antler Room displays the names

of the other officers and charter members in an honored position above the fireplace.

The fixtures and equipment of the Granite City Club were purchased and social quarters were rented for \$60 a month. Lodge meetings were held, however, in the Fleishman-McNary building.

Lodge 1063 proved to be a popular organization, and it grew rapidly. Pleasant "Pop" Ward planned a new three-story building at 19th and State streets.

He proposed to lease the two top floors to the lodge for five years with a five-year option at the rate of \$1,200 per year.

After spending the summer and early fall in planning, which included \$2,000 in furnishing, the Elks Hall became a reality and was dedicated Oct. 7, 1910.

Afternoon and evening festivities included a visit by the district deputy and other Elks notables, a dinner and a vaudeville show.

The ever-present desire by the Elks members to have their own quarters caused Exalted Ruler C. Lynch, in 1915, to appoint

a committee to study the matter and to seek a suitable building location.

After looking at several sites, the committee and the trustees made an agreement with G. W. Niedringhaus for two free lots. In 1917, an architect drew plans for the lodge, and the order was given for construction.

While the building was under construction, lodge members launched a sustained effort to increase membership and to raise money. All under the duress of World War I.

"The fortunes of the Granite City Elks Lodge have, by and large, reflected prevailing economic conditions — recession after World War I, when membership was around 250; boom times, in the late 1920s, when it was up to 526; the low ebb of the depression

when the prosperity of World War II. And then the great day, March 9, 1946, when the lodge paid its mortgage."

Improvements on the lodge include new air conditioning and heating systems and remodeled floors and expanded facilities on the top floor. Most of the work was been accomplished

through the efforts of dedicated lodge members.

Despite inside improvements, the general appearance has remained the same during the history of the Elks.

Current officers, besides Worthen, are: Herschel Jones, leading knight; Mike Curran, loyal knight; William A. Russell II, lecturing knight; William Russell, secretary.

Leon Thouvenot, treasurer; Edward Lane, esquire; Russell Gibson, chaplain; William Niesclur, inner guard; and Fred Buerkle, tiler.

On the board of trustees are Fred Cunningham (chairman), Clyde Mertz, Harold Rush, Art Grimm (manager), Robert Warford and Robert Baumann.

On the 75th Anniversary Committee are General Chairman William Russell and members, Orville Hodge, Roy McGee, Norbert Sudholt, Roy Norton, Anthony Michel, David Whisell, Joseph Harding, Don Wilson, Harry Taylor, Clyde Mertz, Harold Rush, F. Cunningham and George Irwin.

## Chouteau reviews ambulance proposal

by DONNA KIMBRO  
of the Press-Record

The proposed increase in ambulance fees for residents of Chouteau Township and an alternate plan to provide ambulance services and collect payment for the runs were the main topics of discussion at a meeting Monday night of the Chouteau Town Board of Trustees.

Walter "Dick" Sparks, township supervisor, reviewed a meeting held earlier this month with the Granite City ambulance committee and other representatives of neighboring areas.

It was the consensus of the board that the residents do not fully understand the service contract with Granite City, which was an agreement for emergency service only within the boundaries of Chouteau Township.

Transfers from one hospital to another or for ambulances runs for Chouteau residents in Granite City are not covered by the agreement, Sparks explained.

Sparks added, "Of the 122 cases processed through the

township office last year, only 71 calls were made in the township.

The total of \$12,000 was paid by the township during 1981, from the revenue sharing funds, which has been decreased this year. With a smaller amount of money to be realized from revenue sharing, the township cannot continue to pay ambulance fees or balances not covered by Medicare or Public Aid.

Sparks said the Granite City ambulance committee explained that the cost of making a run outside the city limits of Granite City is costing about \$140, therefore an increase from the current charge of \$95 would jump to \$135 plus \$2 per mile to continue the service.

After a lengthy discussion, the board of trustees agreed to table any decision until after another meeting scheduled for today with the Granite City ambulance committee and other representatives.

In other business, Mrs. Patricia Polley reported that the township has received \$2,496 in taxes for the road and bridge fund and \$10,064 for the town and general

assistance funds. Also received was an interest payment amounting to \$2,349 from investments.

After some discussion on a plan to purchase a copy machine, the board members agreed to continue the program of purchasing the kits as needed, which would be a lesser amount than the service contract.

Supervisor Sparks informed the board members that other needed improvements include painting the outside of the town hall building and landscaping the grounds. The trustees agreed on a tentative figure to enter into the budget for such work and will request bids for the job at a later date.

A request from the Senior Citizens' Club to take a bus trip to Grants Farm during the summer months was discussed and the trustees agreed to seek bus transportation for the tour.

Approval was given to the supervisor to attend an Illinois Association of County Board Members and Supervisors meeting set for 9:30 a.m. April 3 at the Holiday Inn at Mount Vernon, with costs incurred to be paid by the township.

Also, several of the trustees agreed to attend a seminar for governmental bodies on May 8 in Springfield, Ill.

Appropriation transfers,

approved by the board, included: from the town fund — \$100 to the IMRF fund and Social Security, and \$120 to postage; from the General Assistance Fund — \$100 to the IMRF fund and Social Security and \$100 to utilities, and from home relief to rent, \$100. Also from Revenue Sharing Funds, \$150 to the sewer program and \$200 from the ambulance abatement to ambulance.

Other transfers were from the permanent road and bridge fund — \$2,200 to salaries, and from the general road and bridge fund — \$1,100 to liability insurance, \$1,000 to Workmen's Compensation insurance, and \$100 to Unemployment Compensation insurance.

The next meeting is scheduled for 7:30 p.m. on Tuesday, March 30, which will be a public hearing on the road and bridge budget.

## 100 days in jail for pool stick beating

Circuit Judge A. A. Matosian has sentenced David Edmond Dickens, 40, St. Louis, to serve 100 days in jail and to spend 18 months on probation.

The decision was based on Nov. 13, 1981, aggravated battery occurring in Granite City.

Police found Carlton Turner of Granite City lying on his back on a pool table in the main barroom of the Long Branch Tavern, 2105 Grand Ave., after Turner was beaten on his head and body by two men with whom he had been playing pool.

A broom handle and two pool cues were confiscated at the scene.

## NEED MONEY? 1904 STATE ST.

Romans 8:31... "If God be for us, who can be against us?"

Good question! With God on our side there is no way we can fail. Why then, do we find Christians with so many problems? Usually the failing is in us. We are our own biggest problem.

The proper attitude for difficult situations in life is not a gift from God. We learn, how to deal with our problems. God gives the Holy Spirit to teach us. And if we walk in obedience to His Word, the Spirit will teach us how to deal with every problem in life. God will not teach you faster than you can learn. Don't try to write a book if you haven't learned your A.B.C.'s.

Pray for God's guidance and read His Word for light on your pathway daily. God is for you. Today.

## Orthodox followers prepare for Easter

The Orthodox Church, bearer of a liturgical tradition which embraces cycles of both "fasting" (spiritual and physical) and "feasting" nature, is again preparing to meet the greatest of its festive celebrations — Easter (the Pascha of the Lord) — by first spiritually and physically entering into the Fast of Great Lent.

While Roman Catholics and Protestants began Easter Lent on Ash Wednesday, Feb. 24, the Orthodox Christians began at vespers on Sunday, Feb. 28, (liturgically at sundown). The first full day of the fast was Monday, March 1, which is called "pure Monday." The Easter Lent (Orthodox Lenten Fast, as it is sometimes called, consists of a 40 day period and Holy Week itself, all during which a great spiritual and physical preparation in anticipation of the passion and resurrection of Jesus Christ is made.

This year, Orthodox Christians will celebrate Easter (Pascha) on Sunday, April 18, one week later than western Easter (April 11) — this difference is due to the orthodox continuing to follow the Jewish Passover occurrence of its calculation, whereas the Western Christians have dropped this practice from their calculations of the date.

Since the Roman departure from the union at once shared with the other ecclesiastical sees (Jerusalem, Antioch, Alexandria, and Constantinople — four of the original five sees of the one, holy, Catholic and Apostolic Church) in 1054 A.D., the Orthodox Church has expanded to all continents and continued to carry the most joyous and glorious message of the "good news" of Jesus Christ. Presently, the Orthodox Church includes more than 250 million faithful, worldwide. These (Canonical) Orthodox Churches share in the very same faith and doctrines, today as it had when it was revealed to the apostles by Christ himself. Since the immigration to America from various parts of the world, Orthodoxy is represented by various national churches: the Albanian Orthodox Church, the Antiochian Orthodox Church, the Bulgarian Orthodox Church, the Carpatho-Russian Orthodox Church, the Greek Orthodox Church, the Romanian Orthodox Church, the Russian Orthodox Church and the Ukrainian Orthodox Church. In our country, this pan-orthodox composition can best be realized in that of the Orthodox Church in America, which is an autocephalous (self-governing) church.

It consists of at least

members of the above "ethnic" backgrounds, together with many other ethnic backgrounds, a microcosm of the American heritage, and its members are predominantly "native-born" Americans.

The first Sunday of the "Great Lenten Fast" March 18th this year — has traditionally marked the celebration of the "Sunday of Orthodoxy" (or Triumph of Orthodoxy).

This year, the "Council of Orthodox Churches of Greater St. Louis" sponsored the Pan-Orthodox Vespers Service (prayer service) and St. Nicholas Greek Orthodox Church, 4907 Forest Park Blvd., hosted the gathering.

This first Sunday of Lent vespers service commemorates the restoration of holy images (icons) of religious paintings, in the life of the church in 843 A.D. This event in the life of the one, holy, Catholic, and Apostolic Church, marked the entire church's acceptance of the decisions of the Sixth and Seventh Ecumenical Councils (680 and 753, respectively).

"The solemn procession which takes place at the service, is a witness to the proclamation read at the service (the "Synodicon") of the liturgical, spiritual, and theological continuity with the holy tradition of the church. The icon has been aptly called a "window into eternity" and "theology in color" — for in the painted image — be it of Christ, his mother or a saint — the same divine reality as expressed in the written word in Holy Scripture is manifested. The icon is a vision of AMN and the world illuminated by the grace of the Holy Spirit, a

transfiguration which gives the beholder a glimpse of the Kingdom of God. For this reason, the icon is not to be considered an isolation — simply as a work of art or a museum piece — but within the realm of the communal and private worship of Orthodox believers. Of the greatest importance, however, is the fact that the icon witnesses to the incarnation, the Christian proclamation that God became man in the person of Jesus Christ, in order that man may again be in communion with God. All matter has been blessed and sanctified, and has become a bearer of the Holy, because God has assumed the material creation in becoming man. Hence, the Sunday of Orthodoxy is

ultimately the witness of the triumph of the truth of the incarnation of Jesus Christ and all of its implications, rather than simply a victory of the use of religious art in the church."

The Archimandrite Gabriel (Karamba), pastor of the Greek Orthodox Church of Sts. Constantine and Helen, Belleville, preached on the subject, "The Icon of God," after which we were created to be and seen in Christ Jesus.

Following the service and the veneration of the icon held by Father Steven Kostoff, pastor of Sts. Cyril and Methody Eastern Orthodox Church in Granite City, all attended a tea which was prepared by the (ladies sodality) Phlox Society of St. Nicholas Church.

## How to Plan the Perfect Wedding

### Outdoor weddings — a popular choice

An outdoor wedding in a favorite place can be a charming way to celebrate this momentous, once-in-a-lifetime occasion.

But, no matter how much you planned, there is still a chance that the unforeseen will occur. The neighbor's dog might decide to take a stroll down the aisle with the bride; it could start raining; or some bees might attach themselves to the bridal bouquet. But, whatever happens the best remedy is to remain gracious and keep smiling.

There should be an alternative space available in case it rains. If the ground is relatively flat, a large tent could be set up.

New plastic trash pails are perfect for storing ice, and light foods such as seafood, salads, quiches, cold soups and fresh fruit are good choices.

A separate table should be set up for the cake and beverages. Iced tea and lemonade are great additions to the beverage list for those guests who prefer non-alcoholic refreshers.

You may also choose to offer outdoor activities such as badminton and volleyball to keep the party going. Patios or driveways can be set aside for dancing.

### New Gowns

With the beauty and pageantry that has become the chosen manner of today's wedding scene, the modern bride is turning to gowns that fulfill her dreams and reflect her new romantic taste. From sumptuous fabrics in sculptured silhouettes to new sleeve emphasis and neckline flattery, the gowns reflect the growing enchantment with opulent and romantic statements.

Influenced by the elegant past of Victorian England and the high spirited silhouettes of the Edwardian period, gowns for this season will dip and sweep in a grand tradition. Laces, pearls, billowy skirts, trains and yards of embroidery will make the bridal gown one to be kept and treasured.

From Victorian innocence in a ball gown with dropped torso and scooped neckline that bares those perfect shoulders to the stately splendor of the princess look with puffed Renaissance sleeves, the collection covers all the dreams of the bride-to-be. Victorian and Edwardian touches are found on many of the gowns: elegantly full sleeves, sculpted bodices, softly floating trains, petticoated skirts, and illusion veils that frost the bride in soft-as-candlelight netting.

Classic wedding gowns often offer surprises that make them as modern as the '80s. Nostalgia and hints of the past add a mellow, stately silhouette. The trimmings are as new as tomorrow and as creative as any artist's brush.

Fabrics of rice paper silk from China, glowing silk, finished satin, shimmering antique satin, soft-as-a-cloud English net, point d'esprit, rustling taffeta take on an opulence not seen in decades. Each fabric is graced with the creative embroideries, laces and appliques that have made Priscilla an important name in bridal fashions for over 30 years.

Silhouettes are pure nobility of line with sculptured bodices dropped for a long torso effect, and nipped in to shape the tiny waist. Sleeves make dramatic statements; wonderfully puffed and draped, they give a new point to the eye. Necklines are beautifully alluring to flatter and frame the radiant bridal face.

Beautiful weddings don't just happen—they take months and months of careful planning! Here are some guidelines for getting it all together as efficiently as possible:

At least four months beforehand, visit your clergyman and set the date and place for the ceremony. Make your plans at this time for the reception as well, including music for the reception.

Choose your attendants and draw up the invitation lists.

Select your gown and accessories, plus your bridesmaids' dresses; consult a men's formalwear expert with your fiancé.

Now is also the time to decide who will be taking your wedding photographs, and to make arrangements with a florist.

Three months prior to your wedding, order your invitations plus any other stationery you will be needing. This is also the time to make an appointment with your doctor and arrange for your blood test.

After these details are taken care of, enjoy planning your honeymoon and shopping for your trousseau!

Two months beforehand, address your invitations and go shopping for the wedding ring. Choose your attendants' gifts and see about that all-important marriage

license.

A month before the wedding, you should have final fittings on your gown and your bridesmaids' gowns, and your invitations should be mailed at this time. If you plan on having a rehearsal dinner, now's the time to make the arrangements. You can also have your formal wedding portrait taken now. And, don't forget to get a gift for your groom!

If you plan on sending an announcement to your local paper, do so two weeks before the wedding.

One week before the wedding you should finalize plans for the reception, including seating and name

cards. Also consult with your florist and photographer one last time. Make final arrangements for your rehearsal... and relax before your big day!

### Why We Call It A Honeymoon...

Throughout Europe in the Middle Ages, mead, a fermented drink made partially of malt and honey, was imbibed. On the occasion of a wedding, mead was drunk for a full-moon's time, that is, for a month after the actual ceremony. This time was then called the "honey moon."

## Say it with flowers

Since ancient times when bunches of herbs were carried by brides under their veils, flowers have been an integral part of the wedding ceremony. Traditionally, they were symbols of fertility, however many flowers also have significances all their own.

The rose is a symbol of love, the orchid of beauty and the carnation of distinction. The white daisy symbolizes innocence and the orange blossom, purity and loveliness. Blue violets symbolize faithfulness, and the blue bell, constancy. Forget-me-nots mean true

love, lily of the valley, happiness. The white lilac is a symbol of youthful innocence, red chrysanthemums of sharing, and the gardenia of joy.

Experts suggest that you consult a florist at least one month in advance, and decide on colors and price. Also, make sure you find out what flowers will be in season, since these will cost less.

Don't forget flowers for the mother of the bride and the groom's mother, boutonnières for the men, bouquets for the female attendants and flowers for the altar and reception hall.

## Engagement rings — the traditional symbol of love

"The time has come," the jeweler said, to talk of many things.

Of shoes and rice and wedding bells.

And diamond engagement rings.

And, that time inevitably comes to all young couples who are in love and thinking of purchasing that very important diamond ring as a symbol of their love, reports the Jewelry Industry Council.

Time was when the parents of today's young couples went through the same experience in a not-too-different fashion.

In 1956, the average young man paid from \$200 to \$250 for an engagement ring — which was about a month's salary at that time.

Guidelines for the groom. Now, a quarter of a century later, the average engagement diamond costs about \$800 or more, and today's young man should plan to spend about two months' salary on the ring for his intended bride.

In these inflated times, the diamond is a bargain, for, compared to what has happened to rents and the price of automobiles the diamond has more than retained its value.

Ask Dad how much a typical Saturday night date with Mom at the movies cost. Chances are, for a 10 dollar bill he could take Mom to a first-run movie, fill his gas tank, and have enough money left over for hamburgers and malteds at the drive-in. The same date today would cost two and a half times as much.

Also, the prices of 1956 are long past, but Mom's diamond engagement ring has appreciated in value much more than its original cost—and that doesn't even consider its sentimental value.

Consult a jeweler. So, while the diamond engagement ring is a good investment, it is still a good idea for couples to enlist the aid of their favorite jeweler when they want to purchase one.

Since most persons are not gemologists, or authorities on diamonds, having an expert as a guide is a good idea.

Your jeweler can interpret the worth of the diamond you choose based on its coloring, how it is cut, its freedom from imperfections and its carat weight.

So, when young lovers want to talk diamond engagement rings, says the Council, the time has come to talk to their favorite jeweler!

Dr. and Mrs. George Craft

### Bridal shower for Mrs. McCoy

A personal bridal shower was given for Mrs. C. B. McCoy, the former Debbie Godair, last week in the home of Christine Cox, 2049 Thirteenth St. Co-hostess was Shirley Godair.

After the honoree opened her gifts refreshments were served by the hostesses. Guests present included Paula and Shyam Sujanan, Tiney Smith, Lisa Smith, Mary Lois Butler, Pam Butler, Rosetta Delong, Hazel Spires, Donna Delong, Cathy Bobb and Donna Tuney.

### Mrs. Kadanec entertains

The monthly dinner meeting of the Handicraft Club was held in the home of Mrs. Irene Kadanec, last week. She used a St. Patrick's Day motif for the table decorations.

Evening prizes were awarded to Kate Fedora and Frances Vivod. Also attending were Ann Mega, Gladys Skubish and Alexandra Severine. The April meeting will be hosted by Mrs. Vivod.

### Craft-Patrich

Miss Fay Patrich, daughter of Mr. and Mrs. John Patrich, 2109 Dawn Place, became the bride of Dr. George Craft, son of Mrs. Alyce Craft of Ballwin, Mo., on Feb. 20, at the First Assembly of God Church.

The Rev. Steven Yearly officiated at the double ring ceremony at 5 o'clock in the evening before an altar decorated with floral centerpieces and the unity candle.

Nuptial selections were provided by Carolyn Jenkins, at the piano.

Escorted to the altar by her father, the bride wore a full length white chiffon old fashioned style gown featuring a high neckline and ruffled bodice with a schiffli accented yoke, and bishop sleeves.

The skirt was asymmetrically draped with a self fabric bow at the waistline. A headpiece of lace flowers secured her tiered veil of net enhanced with a seed pearl trim and she held a bouquet of white silk roses, intermingled with baby's breath and ivy.

Matron of honor was Mrs. Joy Lane, a sister of the bride. She selected a full length red knit dress accented with white lace.

She also wore red silk roses in her hair and she held an arrangement of red silk roses.

The groom chose his brother, Scott Craft, as best man. Paul Patrich, the bride's brother, served as an usher.

Tamara Smith, a cousin of the bride, was the ring

bearer. She was dressed in a red knit frock created with short sleeves and full length skirt.

She carried a white heart shaped pillow with red rose and white lace trim and she wore a cluster of red silk roses and matching streamers in her hair.

For her daughter's wedding, Mrs. Patrich chose a formal gown designed with an ivory Chantilly lace bodice, long tapered lace sleeves and a velvet toast color slit skirt. She wore a wrist corsage of variegated brown and ivory flowers tied with a ribbon in a carnal hue.

The groom's mother was attired in a street length dressmaker style suit and her corsage was composed of white silk roses.

Guests were received at a reception held in the church fellowship hall, immediately following the service.

After a wedding trip to Wisconsin the newlywed couple is now residing in Ballwin, Mo. Miss Patrich graduated from North High School, Gladwold School of Laboratory Technique, Mineral Area College in Flat River, Mo., and Jefferson College, Hillsboro, Mo. She is currently employed as a laboratory technician at a Jefferson Memorial Hospital in Festus, Mo.

Dr. Craft was graduated from the University of Missouri at Columbia and is on the staff of Jefferson Memorial Hospital in Festus.

### Shower honors Mrs. Worthen

Mrs. Danny (Denise) Worthen was guest of honor at a baby shower given during the weekend at Annets Post 51, 5100 Lakeview Drive.

Hostesses were Mrs. Cheryl Barton, Mrs. Diane Meador, Mrs. Cindy Marshall, a sister and sisters-in-law, and Mrs. Susan Jamail, Mrs. Patty Mink, Mrs. Wilma Valencia, Mrs. Ann Tucker and Mrs. Alice Worthen, mother and mother-in-law of the honoree.

A red and white motif was used in the decorations with an old white wicker rocking chair, which has been in the Tucker family for many years, used as a centerpiece.

Several games were played and prizes awarded to the winners followed by the honoree opening her gifts.

A luncheon was served later to 54 guests by the hostesses.

### Bridal colors

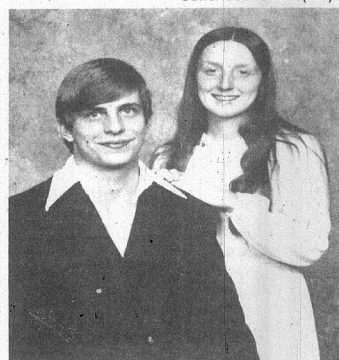

Originally, blue was associated with innocence, hence the tradition of the bride wearing "something old and something new, something borrowed and something blue" for her wedding.

Yellow was the most popular of bridal colors in 18th century America, followed by blue, traditionally the color of the Virgin's robe.

Lilac, a flowered color, ranked as third most popular.

It was not until the Victorian age that white came into vogue for wedding gowns, inspired by the white First Communion dresses.

**WEDDING CUSTOMS**  
The practice of giving the bride away is not absolutely necessary in a wedding... however, it is a custom of long-standing.

Jeff Mifflin and Sandra Coryell

### Mifflin-Coryell

The betrothal of Miss Sandra Coryell and Jeff Mifflin is being announced by the bride-to-be's parents, Mr. and Mrs. Bobby Coryell, 1410 Grand Ave.

Parents of the prospective groom are Joe Mifflin of Midland, Texas, and Mrs. Wilson Rudd, Granite City. An Aug. 14 wedding is to take place at Bethel Chapel

Pentecostal Church is being planned by the engaged couple.

Miss Coryell is a 1980 graduate of Granite City High School South and is currently working at Humpty Dumpty Child Development Center.

Her fiancé will graduate from South High School in June.

### McCoy-Godair

The wedding of Miss Debbie K. Godair and C. B. McCoy was solemnized on March 19 at a chapel located at 1814 Seminole in Godfrey, Ill.

The Rev. Kemper officiated at the double ring ceremony at 3:30 in the afternoon.

Parents of the bride are Mr. and Mrs. Gene Godair, 1509 Market St., Madison, and the groom is the son of Mrs. Maggie McCoy, 2116 Dewey Ave.

For her wedding the bride chose a street length dress accented with lace on the bodice, a high collar enhanced with a pink cameo and puff sleeves.

A matching ruffle encircled the hemline of the frock. She wore a pink and white carnation corsage.

Attending the couple was Miss Laura Boyer as honor attendant and Steve McCoy, the groom's son, as best man.

Miss Boyer selected an off white wrap around dress with long sleeves and slit skirt. Her corsage was also created with pink and white carnations.

A 7 o'clock evening

reception was held at the American Legion Hall, 1225 State St., which was decorated in a pink and white motif.

## Marriage Enrichment Weekend at the Shrine

The Marriage and Family Program at the National Shrine of Our Lady of the Snows will sponsor a Marriage Enrichment Weekend beginning tomorrow at the Shrine. It will be conducted by Father Leo Pigge and Sister Helen Smith.

Marriage Enrichment Weekends provide couples with time together to examine and reaffirm the values of Christian marriage and, especially, the values of their own relationship. These days offer support for an encouragement to couples as they strive to build an

ongoing relationship of love and trust. Away from pressures of everyday living, couples can share understanding, insights, pain, and delights of married life. Sharing sessions are structured and involve input from a team with opportunity for group discussion. However, the degree of participation is left to each person's judgment. The next Marriage Enrichment Weekend sponsored by the Marriage and Family Program is April 23 to 25. Persons interested in more information or reservations may contact the Shrine, 1-397-6700.

During the business segment, a nominating committee was chosen to select a slate of officers, which will be presented to the members at the April meeting.

The members received a thank you card from the Madison County Shelter Care Home, for the Christmas party that was given by the members at the home in December.

## Modify driving class, physical education requirements

Illinois legislators should modify existing state requirements for the teaching of physical education and driver education.

With schools hard-pressed financially, the cost-benefit ratio of the two programs—as they are now structured—is coming increasingly into question.

The topic is timely because the Planning and Policy Committee of the Illinois State Board of Education will conduct a public hearing tomorrow on two preliminary reports, on the physical education and driver education mandates. The hearing will take place from 9 a.m. to noon in Springfield, at the State Board of Education Room on the fourth floor at 100 N. 1st St.

Regarding physical education, the Illinois Association of School Boards is recommending that:

1. The mandate apply only to students in kindergarten and the first through tenth grades.
  2. The allocation of course time and frequency be determined locally but in keeping with current statutory language—“compatible with the optimum growth and development needs of individuals at the various age levels.”
  3. Each local district be authorized to stipulate in writing the types of individual student physical education related activities undertaken outside of the school curriculum that would serve as a replacement for required course activity.
  4. Districts be required to offer elective physical education courses to high school juniors and seniors.
  5. Conditional on the above items, the current practice of granting waivers be discontinued.
- The IASB says, “There is sufficient evidence linking physical activity to good health to support a compelling state interest in a mandate.”
- “Schools do have a responsibility in this area. But current practices and the current mandate are not specifically directed to either the primary interest of the state or to the particular needs of the students.”

Upon passage of the legislation outlined in the five points, the IASB believes that current regulations for PE be replaced by rules “specifically based on the state’s primary interest in this area.”

“The state’s interest should be in assuring that schools, to the extent needed, assist students in attaining and maintaining physical fitness.”

“The development of regulations for state and local implementation should take place according to the following:

- “A. The State Board should authorize the state superintendent to convene an ad hoc committee with appropriate representation, directed to formulating precise recommendations and submitting a report in January, 1983.
- “B. The ad hoc committee should be required to address its study and recommendations to the following characteristics:
  - Identification of physical-motor fitness needs of the individual that are compatible with the state’s compelling interest and are appropriate to the school as a delivery system.
  - Identification of the particular means by which a local district may assess the ability of individual students to meet the stated needs.
  - And identification of the types of physical education curricular activities that could serve those students identified as not having the skill level to meet the stated needs.
- “Development of the report and recommendations would provide the necessary opportunities for the most current research findings and effective program practices to be discussed in a statewide forum.
- “Activities of the study should be beneficial not only to the development of an appropriate state mandate in the area of physical education, but also to improvement in quality of effective programs offered at local initiative.”

Regarding driver education, the school board association is supporting legislation to:

1. Repeat the state requirement for both classroom and behind-the-wheel training in the public secondary school curriculum.
2. Amend existing licensing provisions of Illinois laws to provide that such licensing must be available to those who are at least 16 years old and who have demonstrated such knowledge and skills as the Illinois

secretary of state may deem necessary.

3. Amend the statutory provision on personnel certification requirements, to provide alternative professional training programs for registration of those who wish to provide driver instruction in a public or private setting.

4. Amend laws to authorize eligible school districts to provide a comprehensive driver education program directly or indirectly through contract, which contract may include provision of public facilities; and to offer the program in these circumstances during any period of the year and to all beginning drivers.

5. Amend the statutes to provide that the secretary of state shall have the sole responsibility of licensing and supervision as it relates to all commercial driver training schools.

The IASB further recommends that “the State Board of Education ask the governor to establish an interagency commission to investigate safety measures proven to reduce traffic accidents; to recommend allocations of state funds among such programs; and to report by a specified date.”

“We also recommend that any local district choosing to continue offering driver education continue to receive appropriate state funding.”

The Granite City Board of Education decided Tuesday night to back the state association’s stand, and other Quad-Cityans have expressed similar views.

The State Board of Education, with Edward Copeland as chairman and Dr. Donald G. Gill as superintendent, notes that its preliminary reports recommend changing the PE requirement and repealing the driver class mandate, the latter in the belief that provision of cars and teaching time that the program may not be reducing the number of traffic accidents.

These reports are part of the board’s effort to review all the mandates that have been placed on elementary and secondary education over a period of years.

A spokesman for Dr. Gill says, “The driver education report recommends repealing the state requirement for classroom and behind-the-wheel training in high schools.”

“There is no evidence to demonstrate that failure to offer this program has or will significantly affect the level of traffic safety. Even though younger drivers account for a higher portion of accidents than other age groups, most young drivers are responsible behind the wheel and can acquire safe driving habits.”

“At present, students are required to take 30 hours of classroom instruction and six hours of behind-the-wheel training before receiving a driver license at the age of 16 or 17.”

“To prevent undue hardship on students 16 and 17, we recommend amending the existing licensing law. The change would allow students who are at least 16 to receive a license if they have demonstrated the necessary driving skills as determined by the state.”

“School districts would not be required to discontinue their driver education programs.”

The report does recommend amending the law that requires fully-certified teachers for public secondary and selected commercial school driver training programs. “It would allow alternative training by persons wishing to provide it.”

These positions are the result of long, detailed and thoughtful study. They make a lot of sense and ought to be enacted by the committee, the State Board of Education and the General Assembly.

## Robin Hilker oratory winner

Thirty-five students representing sixteen Catholic high schools from the metropolitan St. Louis area met for the final round of the 1982 Christian Inter-Scholastic Speech League tournament this month at St. John the Baptist High School in St. Louis, with a top award going to a Granite Cityan.

The five top finalists performed in each of six categories: prose reading, poetry, original oratory, dramatic interpretation, extemporaneous speaking, and duet acting.

Robin Hilker, a sophomore at St. Elizabeth Academy, 3401 Arsenal St., St. Louis, received the first-place trophy in original oratory. She lives at 34 Miami Court in Granite City.

## Only 29,517 votes in county's primary

Only 29,517 votes were cast in the March 16, 1982, primary election in Madison County, the official canvass showed Monday.

Viewed as disappointing by most governmental and political leaders, the turnout was 24 percent of the number of eligible voters. There were 23,704 Democratic ballots and 5,833 Republican votes, plus several hundred nonpartisan votes recorded on special ballot questions in eastern portions of the county.

This is the first time that we’ve had single-member state representative districts, County Clerk Evelyn M. Nowles noted in discussing the relatively small participation.

“Also, with a lack of opportunity for offices other than county treasurer, I guess the public didn’t get very excited about the primary election. And, I think that people declare their party preference acts as a deterrent.”

For the Democratic nomination as Madison County treasurer, the incumbent, Michael “Mike” Henson, won with 18,463 votes to 7,314 for Fred Painter of Granite City and

3,847 for Robert C. Stille.

The Republican county treasurer nomination went to Bob Barton of Nameoki Township, 4,305 votes; he ran unopposed.

With no cumulative voting—118 representatives are to be chosen Nov. 2 in 118 districts, instead of 187 in 99 districts—State Rep. Sam W. Wolf of Granite City captured the 111th District Democratic nomination with 8,544 votes to 2,925 for Leo T. Pelek.

Rep. Jim McPike of Alton, unopposed, or the Democratic nomination in the 112th, totaled 5,837. Jon R. Walker garnered the Republican nomination in the 112th with 1,967 votes.

The 56th Legislative District, consisting of the 111th and 112th Representative Districts, saw State Senator Sam M. Vadalabene gain the Democratic nomination with 14,580 to 3,751 for Michael P. Manning of Granite City. Vadalabene led in every precinct.

The unopposed Republican senatorial nominee, Richard M. “Rick” Moulton Jr., received 3,236 votes.

Congressman Melvin Byrnes, who won Democratic renomination with ease in the new 21st Illinois

Congressional District, led in the Madison County portion with 17,408 to 2,347 for Floyd E. Fessler Jr. and 1,789 for Mrs. Sandra L. Cimaco.

Republican Robert H. Gaffner received his party’s Congressional nomination, tallying 4,496 votes without opposition.

Statewide Democratic candidates were unopposed. In Madison County, Adlai E. Stevenson, the Democratic nominee for governor, obtained 19,467 votes, canvassers said.

Mrs. Grace Mary Stern received 15,318 for lieutenant governor, Neil F. Hartigan 15,971 for attorney general, State Treasurer Jerry Cosentino 17,004 for secretary of state, State Comptroller Roland W. Burris 16,765 for controller and James H. Dornwald 16,905 for state treasurer.

Governor James R. Thompson earned the Republican nomination for a third term by a wide margin. In this county, he tallied 4,337 to 869 for John E. Roche and 288 for V. A. Kelley.

Unopposed for state Republican nominations were Attorney General James D. Radden, 4,527 in Madison County; Secretary of State Jim

Edgar, 4,863; and Cal Skinner Jr., 4,438 for state comptroller.

George H. Ryan, Republican nominee for lieutenant governor, led in this county with 2,857 to 1,272 for Susan Catania and 1,023 for Donald L. Tolten.

John P. Daley, nominated by the GOP for state treasurer, led in Madison County with 2,848 to 1,962 for W. Robert Blair.

Unofficial computer totals at the County Courthouse on election night had shown Blair ahead in this county. This was due to confusion over the rotation of names in various precincts, canvassers officials said.

## Steelers drop season opener to Triad, 6-5

GRANITE CITY — Coaches and players usually use the first game of any season to learn their strength and weaknesses.

In the case of the Granite City North baseball team, Steeler coach Bob Stegemeier and the team learned they could take advantage of the little things that add up into runs.

The Steelers also learned the little things that add up to runs also add up to defeats. The little things gave Triad of St. Jacob a 6-5 victory over North in the season opener for both teams.

"We started well," Stegemeier said, "but a few physical errors gave them some runs. Of course, a few physical errors gave us some runs too. We hit the ball hard but high. We made some mistakes that hurt us."

"It wasn't the fault of any one person who made a mistake because all the little things combined made us lose. We're a long way from being a good team, but we have the capability of being a good team," Stegemeier said.

The little things came up to a grand total in the seventh inning. Triad's Jeff Sues reached on an error by the shortstop. With two out, Damon Buehrer walked to put men on first and second.

With Tim Randolph at bat, a pitch deflected off the glove of Steeler catcher Daren DePew and Sues and Buehrer advanced to third and second. The passed ball was critical because Randolph hit a ground rule double which scored both runners and gave Triad the game.

Without the passed ball, only one runner could have scored because the runner at first could have only advanced to third base.

"We've won 61 percent of our games the last four years, and 30 or 40 percent of those were decided in the last two or three innings," Triad coach Mike Scroggins said. "I told the boys that a lot of games are won in the last two innings, and they came back."

North also took advantage of Triad errors in the middle innings. Jeff Gibbs reached on an error, and starting pitcher Paul Barrington singled to advance Gibbs. Carl Luehmann grounded into an apparent double play, but a bad throw allowed Gibbs to score.

In the fourth, Scott Corey hit a single as did Steve Trittschuh. Mike Sullivan walked to load the bases. Corey scored on an error. Trittschuh scored on Gibbs' single, and Sullivan scored on a sacrifice fly by Vince Mitchell.

Triad came back to tie the game in the fifth inning. Steve Brown walked,

Todd Teasley singled, and Sues walked to load the bases. John Wright singled home one run and the bases were still loaded.

Mike Aylsworth grounded to Luehmann, who was playing shortstop. The throw to DePew for the force out was good, but DePew mishandled the ball and Teasley scored. Sues scored on an attempted 6-4-3 double play, and Wright scored when first baseman Ron Hessler's throw to second base to pick off Buehrer hit Buehrer.

North scored when DePew singled, advanced to second, went to third when Trittschuh tied to Brown in foul territory and scored when Brown's throw to pick DePew off went into the outfield.

Corey was the losing pitcher for North. Barrington threw three strong innings, but Stegemeier took him out of the game because the weather was chilly and because it was North's first game.

"North's going to be hard to beat," Scroggins said. "Whitey Stegemeier ranks among the coaching elite, and North's going to beat a lot of people."

## Comanches win, Trojans, Knights tie in trackster debut

**MADISON** — After the track had cleared, the hurdles had been put away, and long after the sun had set, the figures revealed that the Madison cindermen had finished second in their home debut Tuesday tied with Triad. Cahokia was clearly the winner of the triangular meet.

Madison and Triad managed 57 points each, distant seconds to Cahokia with 72 points.

Ironically, it was Triad who finished the meet with more first places than either Madison or Cahokia. Triad managed seven first places while Madison finished with six and Cahokia had four.

Cahokia won the meet by virtue of their dominance in the second and third place categories. The Comanches managed 10 second place eight third place finishes.

"I was somewhat surprised by Cahokia's depth," said Charles Steptoe, Madison's track coach. "I think I was more surprised with Triad. They seem to be strong where we're not."

This year the Trojans are lacking in distance department and in relays, specifically in the two-mile run and relay and the 800 run.

"We've got some good kids here, and I think we can develop them, but it's gonna take some time. For instance, I know it's only a matter of time before Rodney Gary gets his legs under him." There aren't problems throughout the relay teams as was evidenced by the excellent finish of the 400 meter relay team.

In what seemed to be an untimely poor baton hand off that appeared to have cost the Trojans the lead in the second leg, the team of Willie Ball, Ken Briggs, Tim Prothro and Shawn Brown caught and passed Cahokia team by one-tenth of a second at the finish line.

In addition to the shortcomings in the distance department, Steptoe also cited the discus and shotput field events as some of Madison's shortcomings. Madison's strong points in the field events comes from Ken Briggs and John Lewis in the long jump, from

Tuesday Lewis and Briggs finished first and second respectively in the long jump, while Lewis flurried with Madison's school record of 6-foot-2½ in the high jump.

Briggs easily won the triple jump by more than two feet, leaping 38-foot-9½. Madison's next meet is today against Highland, Mascoutah and Jerseyville at Highland. Action begins at 4 p.m.

## Trojanette tracksters begin slow

By ALAN L. GERSTENECKER

**MADISON** — For the Madison Trojanette track team, this has been a week of discoveries and disappointments.

Monday the girls took on the Warriors from Granite City South. In their season debut, the Trojanettes lost to the more powerful Warrior women 78 to 46.

Tuesday in a triangular meet with Cahokia and Triad, the Warriors also came out on the short end with 47 team points. Cahokia won the meet with 55 points followed by Triad with 31.

"Sure I'm disappointed, but not too much," said Trojanette's track coach Luvena Long.

"The Granite City girls are always a strong team, they've got a lot of depth. I really didn't think we'd beat them. Against Cahokia and Triad I thought we had a better chance of winning."

Madison  
Trojans

Mrs. Long said. Between the meet's winner, Cahokia, and the Trojanettes, there only existed an eight point spread. The point difference between second place Triad and Madison was half of that, four.

"We had two meets in two days. Some of the girls were sore and couldn't run today (against Cahokia and Triad). I think if we had been at full force, at an extra point here and there, and at the same time finishing before some of the competition, we could have finished higher, or even won," Mrs. Long said.

One of the discoveries Mrs. Long made this week was the apparent endless ability of Trojanette Regina Banks. Monday, for the first time, Miss Banks competed in the high jump. She finished second, with a jump of 4-feet-10.

Tuesday, her second time at the high jump pit, she managed a first place finish with a jump of 4-feet-4. Tuesday, she finished first in all four of the events she competed in.

"I wish we could enter an athlete in more than just four events. If we could Regina would be doing a lot more," Mrs. Long said.

In addition to competing in the high jump, Miss Banks is a member of the 800 meter relay team, and runs in the 100 and 200 meter hurdle competition.

The Trojanettes, and Miss Banks, will have a week to recuperate before they meet with Red Bud next Tuesday in Red Bud.

# Modica: If our hitting comes around we'll be respectable

By TERESA GULL of the Press-Record  
GRANITE CITY — John Modica, Granite City South's head baseball coach, has one main concern about his team this spring — hitting.

"Based on last year, that's the thing I worry about the most. We need to score more runs," Modica said. "If our hitting comes around as we can score runs, we will be respectable."

Last year, South had problems coming up with clutch hits and runs, losing games by one or two runs. But with 10 letter winners returning,

Modica believes the experience gained last year will help during pressure situations this year.

Eight seniors return for South. Rick Daily, the co-captain, Steve Manka and Mike Zukas lead the pitching corps. Working behind the plate will be catcher Larry Holder.

In the infield will be Joe Schnefke, the other co-captain, George Jarvis and Dave Modrusic. The remaining senior letterman is outfielder Scott Greathouse.

The two returning junior lettermen are infielder Phil Dudak and outfielder

## Granite South Warriors

John Linhart.

All 10 letter winners will be in the starting line-up or in the pitching rotation. The other starter in the outfield will be junior Tom Newton.

Pitching is also a concern for Modica, especially early in the season. When the team has back-to-back doubleheaders, as it does for its first two match-ups, Modica is unsure if he will have enough pitchers.

Early in the season when the temperatures are cool and pitching arms are not yet in top condition, the pitchers are only able to pitch three or four innings. Modica doesn't know if he will have enough pitchers that are needed for the early doubleheaders.

He believes he has five "respectable" pitchers. In addition to the three returning letterwinners, juniors George Diak and Dominic Griffin will be in the starting rotation.

Other players not in the starting line-up or pitching rotation are junior pitchers Jeff Hoffman and Lance Parker,

and senior catcher Kent Allen. Juniors Darrell Elmore, Dennis Gurkin and Tom Stegemeier and senior Mike Roe, a transfer student from Florida, are the other infielders. Helping out in the outfield will be junior Mark Vanyl.

"We don't have a lot of depth after our starting line-up," Modica said. "We might have to do some shuffling."

South opens its season this weekend at home with a pair of doubleheaders, Friday at 4 p.m. South will meet Chicago Marist for two games Saturday, they play a twinbill against Washington, starting at noon.

# Steeler diamondmen experienced, optimistic on season

By ROGER KRAMER of the Press-Record  
GRANITE CITY — Bob Stegemeier, Granite City North baseball coach, found the 1981 season to be a rewarding one, and that's part of the reason he's optimistic about the Steelers' chances in 1982.

North shared the Gateway East conference championship with Edwardsville last season and finished with a 16-12 record.

"It was a very rewarding season," Stegemeier said. "I thought, our pitching was going to be suspect at the beginning of the year, but our younger

## Granite North Steelers

kids came around. We were surprised with how the season turned out."

Because North has several starters and other experienced personnel

returning, Stegemeier is expecting good things out of this year's team.

Paul Barrington, the biggest surprise for the Steelers' pitching staff with a 7-3

record, is a senior and should be the ace of the Steelers' staff. Also likely to pitch regularly are seniors Vince Mitchell, Roy Zakmajian and Jim Barton.

Daren DePew, a junior and also a team letterman, is the returning catcher. DePew hit .383 for the Steelers last season.

Senior Scott Corey returns to first base for the Steelers. Junior Steve Tritschuh will play at third, and Kevin Hayes, a designated hitter for North last year, should start at second base.

The only infield position in doubt is shortstop. Senior Carl Luehmann could be starting at shortstop or in left field.

Brian Levin, a junior, could also play at shortstop.

Other outfielders include seniors Mike Sullivan, Jeff Gibbs and Jim Wyrostek, who is out for the first time.

Benny Nolan, Kenny Patterson, Wayne Hubbard and Rod Hessler could also help the Steelers out this season.

"Overall, the talent is good. Experience may hurt us early, but with hard work, we could be competitive, especially late in the season," Stegemeier said.

"I have some questions about how we'll do hitting," Stegemeier said. "I think we have good hitters if they come

through."

DePew, Tritschuh, Corey, Hayes, Luehmann and Sullivan could be the Steelers' top hitters this season.

Stegemeier is expecting the Gateway East conference to be balanced this year. "Granite City North and Edwardsville will be the best teams this year, and Cahokia and Alhambra should be very competitive."

North was scheduled to open the season Wednesday with a home game with Triad. The Steelers travel to Belleville East Thursday at 4 p.m. and play New Lenox Providence Friday at Edwardsville.

# Returning seniors make opportunistic team O'Fallon shuts out South

GRANITE CITY — Despite Madison's first two losing campaigns, Madison baseball coach John Puskas is "cautiously optimistic" about this year's edition of the Trojan baseball team.

Monday in their season debut, Madison dropped a heartbreaker to Waterloo 5-3, and Wednesday the Trojans fell to E. St. Louis 15-4 in five innings.

Both games were close, even the East St. Louis

game, until the fifth inning, when the Trojan pitching faltered, allowing the Flyers to expand on their one run lead by 10.

"We've got a lot of seniors with some experience. In that aspect we look good. For some seniors it's their first season, but most are returning lettermen," Puskas said.

There are a total of five returning lettermen in the Trojan squad of 10. Seniors

Dave Kaminsky and Danny Stern will be the Trojan hurlers this season.

Senior Mike Eaves will be on the receiving end, behind the plate. Jeff Niehaus will man first base, and returning lettermen George Madgett and Byron Parker will make up part of the Trojan outfield. Senior Avery Crawford will join Madgett and Parker in centerfield to round out the Trojan outfield.

Tony Hudzik will be the Trojan shortstop this year.

when he's not chasing a wild pitch," Puskas said.

Madgett, Parker and McMillion will round out the bottom third of the order.

Defensively, Puskas said, Crawford appears to be the leader. "Avery's probably got the strongest arm on the field. He needs a stronger bat, but you can usually count on his throws from the field."

Today the Trojans take on the Roxana Shells at 4 p.m. at home.

By ALAN L. GERSTENECKER of the Press-Record  
O'FALLON — Tuesday was a beautiful day for tennis, especially for the O'Fallon Panthers. Unfortunately, the sun didn't shine on the Warrior side of the court as the young team dropped its season debut 6-0.

"We knew it was going to be a tough match," said Warrior netter coach Rich Harmon.

"These guys (O'Fallon) play indoors all year 'round. They were ready."

"If anything, it shows the kids how much they can and need to improve. Maybe it'll set a fire under them," Harmon said.

It was a bad day for the Warriors from the beginning. In the first singles game John Menendez lost a one-sided match to Brandon Cruickshank 6-0, 6-1.

In the second singles match, Matt Sheridan fared a little better but still fell to O'Fallon's Mike Flynn 6-1, 6-4.

Charlie Miles lost a 6-1, 6-1 match to Craig Nickerson in the third singles match and Tom Hilt fell winless to Mike Davis in a fourth singles game, 6-0, 6-0.

In the first doubles match, the Warriors won the first set 7-5, but darkness set in during the second set and the match remained unfinished.

In second doubles competition, Don Kaltmayer and Brian Sparks fell short of O'Fallon's Mike Ferris and John Aregood 6-0, 6-1.

In the final doubles match, O'Fallon's Brad Grabst and Steve Sterthman shut out Charlie Miles and Kevin Dickerson 6-0, 6-0.

"It was a tough match, but we like to take our lumps early; get them out of the way so we can get down to

## McLean to compete in state meet

By ROGER KRAMER of the Press-Record  
GRANITE CITY — Only weeks after suffering a knee injury, Dave McLean is one of the state's best two-milers.

McLean, Granite City South's two-miler, will

represent the Warriors at the Proviso East Track Classic at Proviso East High School in Maywood, Ill., on Friday.

Only the top 10 boys in each event in Illinois during the indoor season are invited to this meet. McLean has the eighth best time in the two mile, 9:40, which he ran at the University of Illinois invitational meet March 13. The meet begins at 7 p.m.

"This is a big honor for him," South coach Mel Bunting said. "Even if he would get injured, and have to miss the state meet, this would have been a successful season for him because he was invited to this meet."

McLean was surprised he was one of the 10 best two milers in the state.

## Center sponsors tourneys

The Community Christian Center, located at 2801 Marshall in Granite City, will sponsor two tournaments in the coming weeks, a volleyball tourney and a basketball tournament.

The volleyball tourney, scheduled for April 2 at 6 p.m., will be co-ed competition with six to eight players per team. Rules dictate that at least two members of the team be girls.

Trophies will be given to each individual on the first and second place teams. The entry fee for each team is \$15.

The basketball tournament is scheduled for April 9 at 6 p.m. According to Rev. Jeff Smith, of the center, the competition will consist of three-man half-court games.

Not unlike the volleyball tourney, each participant of the first and second place teams will receive a trophy. Team entry fees for this tournament will be \$10.

Rev. Smith announced the possible formation of a summer basketball league. Persons interested in the summer basketball leagues, or for more information concerning either tournaments are asked to call him at 877-4439.

# Lady Warriors run past Trojanettes

By ROGER KRAMER  
of the Press-Record  
GRANITE CITY — Both Granite City South girls track coach Dave McClain and Madison girls track coach Luviana Long were satisfied with Monday's dual meet between the two schools.  
South won the meet, the first outdoor meet for both schools, 78-49, but both schools did better than their coaches expected.

"I was pretty well pleased with our team," McClain said. "I was really happy about the field events because we won all four of those. From the 400 meters on up, we were pleased in the running events."  
Mrs. Long said, "Yes, I am pleased. We did pretty well in the sprints, and I was pleased with how we did in the distance events. Last year, we weren't able to have anybody in the distance events."

South's dominance in the field and distance events allowed the Warriors to run away from the Trojanettes. Lisa Adams won both the 800 (8:11") and the high jump (5'0"). Trish Skinner leaped 5'9 1/2 inches to win the long jump, and Jennifer Robinson threw the shot put 28'10" for first place.  
South's Michelle Shoemaker won the 3200 meters in 14:16.1. Mary Romine of South won the 1600 meters in 5:57.6. The Warriors' Connie Williamson was first in the 800 meters (2:50.0), and Miss Skinner won the 400 meters in 1:06.7. South also took the 1600 meter relay and 800 meter medley. Madison won the 400 and 800 meter relays.

**UP AND OVER.** Jennifer Robinson of Granite City South leaps over the high jump bar in Monday's dual meet with Madison. Robinson finished second in the event behind teammate Lisa Adams. South won the meet.

Madison's Jerri Ann Ware won the 200 meter run in 29.0 seconds, Regina Banks was first in the 200 low hurdles with a time of 32.5 seconds and in the 100 low hurdles.  
"Our distance people are in pretty good shape, but our sprinters need a lot of work," McClain said.  
"She," Mrs. Long had only 10 girls last year in our dual meet, but this year they have 20-22 good girls out there. Their 800 relay really tore us up. They're very good for a Class A team," McClain said.

"I was nervous about this meet, but we did pretty well in the sprints," Mrs. Long said. "Our two-miler and miler, Dawn Welby, didn't realize what she was going to go through running both events, but she did a pretty respectable job in the mile run after running the two mile."

## Sports of All Sorts

### "Sports of All Sorts"

By AL BARNES

The Quad-City area witnessed some outstanding athletic history these past seven days. Lincoln High of East St. Louis won the big trophy at Assembly Hall in Champaign-Urbana to give Southwestern Illinois its second straight regional state championship in two years. Madison did the honors last year.  
And, while not many local cage fans were able to lay their hands on the regional NCAA division I basketball tournament at St. Louis' Checkerboard, most of us were able to follow the thrilling action there, including the demise of the University of Missouri Tigers' hopes for a run at a national. Missouri's gorge inability to hit on its free throw attempts in the game's last 10 minutes doomed Stornin Norman's dream of trip to New Orleans.  
Locally, a rare no-hit

pitching effort by Jim Scheibel of the current baseball team at Southern Illinois University at Edwardsville failed to get any notice. Working against Illinois Institute of Technology of Chicago in the second game of a twin-bill last Friday at Cougar Field, Scheibel recorded SIUE's second only no-hitter in the school's history. In the opener, SIUE won 3-1 as started Ted Smith and reliever Joe Silkwood defeated the Chicago-nine. Scheibel, who propped at Edwardsville High for Bill Funkhouser, is now 7-0 in his college baseball career. His 6-0 mound record for Cougar Field (Bo) Collins' 1981 Cougars, who gave the young mentor his first (33-27) winning season in three years.  
The Cougars' only other no-hitter was registered by Ron Middleton in the past Regional tournament finale at Jackson, Tenn., in 1972 as he blanked Nicholls State U. of Louisiana, 17-0.

### list of all the Husbands and Wives playing at Soccer for Fun.

Incidentally, I had covered for the old St. Louis Star-Times the play of Kehoe while he was a member of the Junior Bills' football and basketball team at St. Louis University High School in the late 1940's.  
In his senior year, I think it was, Bob was all set to start on the "Junior" Bills' basketball team, but the good jobbies at the school called him in shortly before the season started and hit him with "sorry, your grades, while more than passing, aren't up to what we feel they should be." After his initial disappointment, Kehoe buckled down and raised his grades and played the final half of the season. Although the Steelers' soccer coach was better than average baseball player (he played five years in pro ball), Kehoe's real sports love, even then, was and remains, soccer.

**PRACTICE, PRACTICE, PRACTICE.**

Barb Sues and Charlie and Dolores Zeugin rehearse popular Broadway songs in preparation for Sunday evening's Broadway Review to be presented by the Chancel Choir of St. John United Church of Christ. The event, which is open to the public, is designed to raise money to be used to make the church facilities more accessible to the handicapped. Donations of \$3 a person are being requested for the show.

## St. John presents Broadway Review

"It's a Grand Night for Singing," is a revue of old and new Broadway hits from State Fair; The King and I; West Side Story; The Wizard of Oz; Mame; Showboat; Fiddler on the Roof; Jesus Christ, Superstar; Pal Joey; The Sound of Music; Kiss Me, Kate; South Pacific; Annie, Get Your Gun; Bye-Bye, Birdie; Gypsy; I Do, I Do; Pajama Game; Cabaret; Brigadoon; Porgy & Bess; Call Me Madam; Oliver, and Stop the World, I Want to Get Off, which will be presented Sunday evening, March 28, by the Chancel Choir of St. John United Church of Christ, 2901 Nameoki Road.

## Prison term in burglaries; jail sentence

Three years in an Illinois state prison are to be served by Ruffin Petty Jr., 23, East St. Louis, formerly of Venice, for a Dec. 21 burglary in Glen Carbon and a burglary the same day in

Madison. The sentence was pronounced by Circuit Judge A. A. Mateosian. Associate Judge Edward Ferguson in February had dismissed due to "no

probable cause" an allegation of a Nov. 9 Glen Carbon burglary. Judge Mateosian also dismissed, on a motion by the state's attorney, a felony theft charge against Petty

related to the Dec. 21 Madison incident. In related proceedings, Herman Smith Jr., 17, of 66 Garesche Homes, Madison, was placed on two-year probation by Judge Mateosian and sentenced to 60 days in jail for Dec. 21 Glen Carbon and Madison

burglaries. He is to make restitution of an unspecified amount. A Nov. 9 Glen Carbon burglary case against Smith was dismissed by Judge Ferguson due to "no probable cause." Records indicate that Petty in the summer of 1981

was ordered to serve 48 days in jail and three years of probation, and to pay \$100 restitution, in connection with a Dec. 12, 1980, burglary in Venice.

## AARP chapter enrolls 17

The membership rolls of the American Association of Retired Persons, Granite City Chapter 1340, were expanded last week when 17 persons were welcomed as new members.

The group met in the Granite City Township Center under the leadership of Ruth Allen, president. Prayer was offered by Ruby Corbett and the pledge to the flag was recited in unison.

Elizabeth McCoy introduced the new members, Theodore and Ora Swiger, Raphael J. and Eleanor Minnick, Dolores and Gus H. Ohlendorf, Traylor E. and Clara Tanase, Alice R. Novacich, Marguerite Purcell, Ruth Lattimore, Frances B. Lutz, Lorraine M. Gaughan, Frances S. Mangan, Lena Minceff, Marie L. Roth and Anna Lamacchia.

After reports were read by Evelyn Filides and Juanita Crawley, Irene Kadnec described the chapter's community service projects which include serving as tax

aides, pallbearers and Red Cross drivers and performing with the Rhythm Band.

John Baker reported that tax counselors for the elderly will continue to be on duty every Wednesday and Friday morning through March at the township center.

Classes offered through the Institute of Learning were reviewed by Vernice Walter, who said openings still exist in several programs being conducted in the immediate area.

Among the classes reported was an Introduction to American Genealogical Research—Find Your American Roots, scheduled to start April 7 and continue each Wednesday through May 12 from 1:30 p.m. until 3:30 p.m. at the Tri-City Tabernacle, Maryville Road and Clark Street.

The Quad-Cities Heritage class will meet each Monday from 3 p.m. to 4:30 p.m. from April 5 through May 24 at the Croatian Home, 1000

Madison Ave., Madison; and a Creative Stitchery class began this week and will continue each Wednesday through May 12 from 1 to 3 p.m. at the Venice Recreation Center, 305 Broadway, Venice.

A list of other classes is available by writing the Metro-East Institute of Learning, Box 84, Edwardsville, Ill. 62026.

Mrs. Walter said a history scrapbook was being displayed and may also be seen at a later meeting.

Marie Baker read the names of members who had been sent "get-well" or sympathy cards.

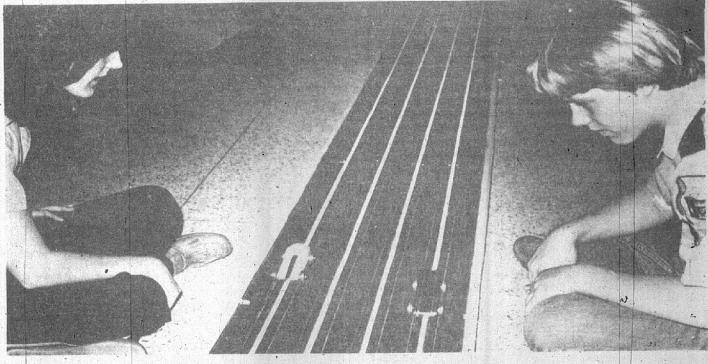

Past president David John said an award from AARP Area V, comprising four states, will be presented to Chapter 1340 at a dinner-dance in May.

Members authorized the donation of \$100 to the Vietnam Veterans Memorial Fund.

The national war memorial is to be constructed in Washington, D.

C., and the State of Illinois has been chosen to spearhead the campaign to raise the \$7 million needed to build the monument, John explained.

Oscar Ash read a humorous verse about income tax and the senior citizen, and the progress

## NOT THE "INDY" OR DAYTON 500, BUT YOU WOULD BARELY KNOW THE DIFFERENCE

if enthusiasm, joy of winning, sadness of losing, cheering of fans or the seriousness of "drivers" were all taken into consideration at the 1982 Uniwah District Pinewood Derby held during the weekend in the Granite City Township building.

Nearly 300 Cub Scouts, parents, leaders representing the first, second and third place cars, in 20 Quad-City Cub Packs gathered and vied for the top trophies.

There are more than 1,000 people in the Quad-City area active in the Cub Scout program.

The small handmade cars must fit the weight requirements of five ounces or 140 gram limit.

Only the wheels and nails that come with the official Pinewood Derby Kit No. 1622 can be used, along with extra wheels available by ordering Kit No. 1623A. Wheel bearings, washers, and bushings are not permitted.

The official "Tips for Derby Racers" suggests that Cub Scouts use Elmer's Glue or model airplane cement to hold the pin axle to the body.

The rules state there is to be no "wafering" of the wheels. No oil, grease, or silicone spray can be used on wheels - only powdered graphite is permissible.

The width, overall body, can not exceed two and three quarter inches and the overall length can not exceed seven inches.

Each car is carefully examined for compliance to construction rules and the cars must be kept at designated tables, which are under constant surveillance by Law Enforcement Explorers.

An official opening is held with the Pledge of Allegiance and the National Anthem.

There are three race tracks set up, each according to exact specifications. The Cub Scouts then race in age classifications of 8, 9 and 10-year-olds.

After a grand winner for each age level is selected, the three

top winners vie for the Deluxe Grand Champion Trophy.

PHOTO MIDDLE LEFT-The cars are all built to exacting specifications, but there is a lot of variation in shapes and a multitude of colors.

PHOTO MIDDLE RIGHT-At the finish line, Explorer Julia DeRuntz, left, and Explorer Steve Hay, both of Law Enforcement Post 10-33, keep a keen eye on the small marks indicating the end of the race. The Explorers yell out the winning car and, in cases where they do not agree, the race is run over. There are numerous "photo finishes" during the event.

PHOTO LOWER LEFT-Careful records of the winners are kept by the board of racing officials, from the left, Charles Shane and Randy Smith, unit commissioners, and Ron Luebbers, senior official and director of the 1982 Derby.

PHOTO LOWER RIGHT-The top three winners are presented with their hard-earned trophies. From the left are Director Luebbers shaking hands with the 1982 Grand Trophy Winner Steve Friedell, 10, of Pack 13, son of Mr. and Mrs. George Friedell, No. 6 Riviera Drive; Todd Utz, of Pack 13, son of Mr. and Mrs. John Utz, 5116 Old Alton Road, first place winner in the 9-year-old category, and Brad O'Neill, first place winner in the 8-year-old category, son of Mr. and Mrs. Gary O'Neill, 2437 Spalding Drive, a member of Pack 46, sponsored by Nameoki School PTA.

IN LOVING memory of my  
dearest father, GUSTAVE  
C. WEINMAN, March 26,  
1981. One year ago God  
called you home, a year  
without your familiar face  
that was so dear, you will be  
in my heart and memories,  
but bravely I will carry on,  
always remembering that  
life goes on, until that day  
when the good Lord calls me  
home to be reunited with you  
again. —Sally missed by  
daughter, Dorothy, Grand-  
children and Great-  
Grandchildren. 32 3 25

IN LOVING memory of  
SUSIE KNIFEEN, March  
23, 1980. Deep in the heart  
lies a picture of loved one  
laid to rest, in memories  
frame we shall keep, I  
because she was one of the  
best—The Family. 32 3 25

IN MEMORY of MARY

IN LOVING memory of our  
son, JESSE W. (BILLY)  
LEVART JR., who went to  
be with the Lord, March 23,  
1981. The loss of a loved one  
is hard to bear, the sorrow is  
so great. We will always love  
and miss him every hour of  
the day, we cherish years of  
memories he gave us  
before he was called away.  
We will find comfort in the  
thought, "He has found his  
happiness and rest beyond  
the Father's gate." —Sally

## Pontoon Beach Lioness style show, luncheon

By VALERIE EVENDEN  
of the Press-Record

The third annual "Fashion Show and Luncheon," sponsored by the Pontoon Beach Lioness Club, will feature clothing styles projecting forward into spring and some that "fly back into time," according to the show chairman, Debbie Durbin.

The gala event will take place from 12 noon until 2:30 p.m. Saturday in the Kettler Center at St. Elizabeth Medical Center. The public is invited to attend. Tickets, costing \$5 each

for both the show and luncheon, may be obtained in advance from club members, or may be purchased at the door Saturday.

In addition to the latest in clothing styles, provided by local stores, a review of fashions from 1902 through 1982 will be presented during the program by members of the women's service club.

Four of the models who will appear in the show are shown above at a preview screening this week. They are: Photo at left—Dotty Kelly, left, wearing a two

piece dress by Cos Cob Sportswear in a soft print cotton-polyester voile from Tops 'N' Bottoms, and Pat Buzich in a wheat colored, water repellent suede Forecaster coat made in single breasted style, with a stand-up collar, for Ruth's Store of Fashion.

In the photo at right—Pat Bax, left, wears a T-sport dress with a full skirt and a fitted jacket of Chantilly and point espee lace. Her derby hat is trimmed with a matching flower and seed pearls. The bride is Kathy Morris, whose gown of

Venise lace and Chantilly lace ruffles is designed with a square neckline and satin ribbons falling from the shoulders and wrists. A Juliet cap of lace and seed pearls secures her fingertip veil of illusion. Both are modeling for Fashions for Millady.

Shops furnishing fashions also include Stefanie's Shop and Boutique II by HG. All proceeds from the benefit luncheon and show will be jointly shared by Meals-on-Wheels, which provides

daily hot meals to elderly residents, and Hospice, a program that gives medical and supportive help to terminally ill patients and their families.

Other areas of the local hospital have benefited from the Lionesses' previous style shows, including the pediatrics department, Mrs. Linda Schermer, club president, reported.

Additional information may be obtained by calling 797-1025 or 797-0435, the officer said.
